Secret Sharers Jennifer Spitzer, 2023-02-21 Secret Sharers traces a genealogy of secret sharing between literary modernism and psychoanalysis focusing on the productive entanglements and intense competitive rivalries that helped shape Anglo American modernism as a field As Jennifer Spitzer reveals such rivalries played out in explicit criticism inventive misreadings and revisions of Freudian forms from D H Lawrence's re-descriptions of the unconscious to Vladimir Nabokov's parodies of the psychoanalytic case study While some modernists engaged directly with Freud and Freudian psychoanalysis with unmistakable rivalry and critique others wrestled in more complex ways with Freud's legacy The key protagonists of this study D H Lawrence Virginia Woolf W H Auden and Vladimir Nabokov are noteworthy for the way they engaged with popularized and revised the terms of Freudian psychoanalysis while also struggling with it as an encroaching discourse Modernists read psychoanalysis misread psychoanalysis and sometimes refused to read it altogether while expressing anxiety about being read by psychoanalysis subjecting themselves and their art to psychoanalytic interpretations As analysts such as Freud Ernest Jones and Alfred

Kuttner turned to literature and art to illustrate psychoanalytic theories modernists sought to counter such reductive narratives by envisioning competing formulations of the relationship between literature and psychic life Modernists often expressed ambivalence about the probing symptomatic style of psychoanalytic interpretation and responded with a re doubling of arguments for aesthetic autonomy formal self consciousness and amateurism Secret Sharers reveals how modernists transformed the hermeneutic and diagnostic priorities of psychoanalysis into novel aesthetic strategies and distinctive modes of epistemological and critical engagement In reassessing the historical and intellectual legacies of modernism this book suggests that modernist responses to psychoanalytic criticism anticipate more recent critical debates about the value of symptomatic reading and the hermeneutics of suspicion

The Wolf at the Door Geoffrey Cocks, 2004 Discovers a Holocaust subtext in Kubrick s films culminating in his 1980 adaptation of Stephen King s horror novel The Shining Maintains that this is reflected in his depiction of harsh struggles with and over power and violence Several of his films deal with war and state power The Shining is seen as an artistic and philosophical response to the horrors of World War II Among the influences on the filmmaker are Hilberg s The Destruction of the European Jews Kubrick s Jewish past and his early years that were affected by fascism and war Kubrick s marriage into an artistic German family also contributed to his preoccupation with the history of Nazi Germany and the Holocaust which were indirectly reflected in his oeuvre

Incest in contemporary literature Miles Leeson, 2018-08-06 This is the first edited collection of essays which focuses on the incest taboo and its literary and cultural presentation from the 1950s to the present day It considers a number of key authors and artists rather than a single author from this period The collection exposes the wide use of incest and sexual trauma and the frequency this appears within contemporary literature and related arts Incest in contemporary literature discusses the impact of this change in attitudes on literature and literary adaptations in the latter half of the twentieth century and early years of the twenty first century Although primarily concerned with fiction the collection includes work on television and film Authors discussed include Iain Banks A S Byatt Angela Carter Simone de Beauvoir Ted Hughes Doris Lessing Ian McEwan Iris Murdoch Vladimir Nabokov Andrea Newman and Pier Pasolini and Sylvia Plath

The Translator's Doubts Julia Trubikhina, 2019-08-28 Using Vladimir Nabokov as its case study this volume approaches translation as a crucial avenue into literary history and theory philosophy and interpretation The book attempts to bring together issues in translation and the shift in Nabokov studies from its earlier emphasis on the metaliterary to the more recent metaphysical approach Addressing specific texts both literary and cinematic the book investigates Nabokov s deeply ambivalent relationship to translation as a hermeneutic oscillation on his part between the relative stability of meaning which expresses itself philosophically as a faith in the beyond and deep metaphysical uncertainty While Nabokov s practice of translation changes profoundly over the course of his career his adherence to the Romantic notion of a true but ultimately elusive metaphysical language remained paradoxically constant

Oscillations of Literary Theory A. C. Facundo, 2016-09-30 Oscillations of Literary Theory offers a

new psychoanalytic approach to reading literature queerly one that implicates queer theory without depending on explicit representations of sex or queer identities By focusing on desire and identifications A C Facundo argues that readers can enjoy the text through a variety of rhythms between two eroticized positions the paranoid imperative and queer reparative Facundo examines the metaphor of rupture as central to the logic of critique particularly the project to undo conventional formations of identity and power To show how readers can rebuild their relational worlds after the rupture Facundo looks to the themes of the desire for omniscience the queer pleasure of the text loss and letting go and the vanishing points that structure thinking Analyses of Nabokov s *Lolita* Danielewski s *House of Leaves* Findley s *The Wars* and Ishiguro s *Never Let Me Go* are included which model this new approach to reading *The Taboo* Harold Bloom, Blake Hobby, Sterling Professor of Humanities Harold Bloom, 2010 From a Polynesian word meaning prohibition a taboo is a social more that should never be broken This volume discusses the role of the taboo in *Howl* *Lolita* *Lord of the Flies* *The Miller s Tale* and many more works

The Philosophy of Stanley Kubrick Jerold Abrams, 2007-05-04 In the course of fifty years director Stanley Kubrick produced some of the most haunting and indelible images on film His films touch on a wide range of topics rife with questions about human life behavior and emotions love and sex war crime madness social conditioning and technology Within this great variety of subject matter Kubrick examines different sides of reality and unifies them into a rich philosophical vision that is similar to existentialism Perhaps more than any other philosophical concept existentialism the belief that philosophical truth has meaning only if it is chosen by the individual has come down from the ivory tower to influence popular culture at large In virtually all of Kubrick s films the protagonist finds himself or herself in opposition to a hard and uncaring world whether the conflict arises in the natural world or in human institutions Kubrick s war films *Fear and Desire* *Paths of Glory* *Dr Strangelove* and *Full Metal Jacket* examine how humans deal with their worst fears especially the fear of death when facing the absurdity of war *Full Metal Jacket* portrays a world of physical and moral change with an environment in continual flux in which attempting to impose order can be dangerous The film explores the tragic consequences of an unbending moral code in a constantly changing universe Essays in the volume examine Kubrick s interest in morality and fate revealing a Stoic philosophy at the center of many of his films Several of the contributors find his oeuvre to be characterized by skepticism irony and unfettered hedonism In such films as *A Clockwork Orange* and *2001 A Space Odyssey* Kubrick confronts the notion that we will struggle against our own scientific and technological innovations Kubrick s films about the future posit that an active form of nihilism will allow humans to accept the emptiness of the world and push beyond it to form a free and creative view of humanity Taken together the essays in *The Philosophy of Stanley Kubrick* are an engaging look at the director s stark vision of a constantly changing moral and physical universe They promise to add depth and complexity to the interpretation of Kubrick s signature films
