Empowering India Through Digital Literacy (Vol. 1) Dr. R. Babu, Dr. S. Kalaivani & Dr. K. Saileela,2019-04-26 Traditionally education is centered on sources such as schools teachers and print media The learners reached the information sources by enrolling with schools teachers and libraries Prior to the digital era information was not accessible by the majority of people and even those accessed were unable to obtain current information with respect to today s context The modern society wants to know the information as it happens and when it happens and the world is moving from an information society to a knowledge society Thus education is given the highest priority and brainpower is becoming the most valuable asset of an organisation Advances in digital technology have opened up many avenues of learning Technology has made information accessible transmittable from anywhere and by to all groups of people The higher education landscape is changing rapidly challenging academic professionals to think critically about their roles in the field *Research in Education* ,1972 *Forum* ,1983 Library of Congress Catalog: Motion Pictures and Filmstrips Library of Congress,1968 English Teaching Forum ,2009
