Impact of a Citizenship Program on Middle School Students Jeanette Alcock Mughal, 2015-02-01

The focus on behaviour became an important feat to accomplish The query was based on the disruptive methods students would use in order to circumvent basic rules and regulations within their learning communities The old standard rule of teacher being in charge of the classroom with a mixture of a fear factor secretly diagnosed as respect no longer was evident President Bush s introduction of the No Child Left Behind NCLB mandates was brilliant with ist idea of inclusivity but near eliminated accountability for those able students Teachers became the main target group of this experiment in the promotion of all students They became scapegoats if you will of a system that made them accountable and left those who should have been accountable in meeting educational objectives administration and more so the student Teachers became overwhelmed with teaching objectives and a multitude of paperwork to facilitate this new structure of responsibility Actual teaching was foregone under the weight of segmenting students into their proper groups then find the time to discipline and ensure that all pass the required end of year examinations The result of these initiatives was to the repeal of NCLB and schools becoming big business with the teacher benefiting less under a continual weight of professional servitude and the standard no voice

Conflict in Personal Relationships Dudley D. Cahn, 2013-12-16 In keeping with a broad conception of interpersonal conflict this book is organized into two parts The first focuses on conflict on different types of couple relationships homosexual cross cultural dating but violent engaged and married and group relationships student peers parents and their young children and adult children and their aging parents The chapters not only review past research on conflict in some relationships but also take a significant step forward in introducing a variety of other relationship types for future research

on conflict These chapters also offer evidence that conflict is experienced differently in different types of interpersonal relationships The second part of this book describes basic underlying principles and programs for dealing with interpersonal conflicts Chapters in this section discuss patterns of argument in everyday life issues associated with competence in interpersonal conflict and mediation as a form of intervention for resolution
