The 30 Most Common Problems in Management and how to Solve Them William A. Delaney, 1982 *The 30 Most Common Problems in Management-and how to Solve Them* William A. Delaney, 1982 **25 Most Common Problems in Business** Jim Zabloski, 1996 A book for business professionals that helps them learn how to establish and manage a successful organization through a comparison by showing how Christ dealt with everyday problems businesses face *Personnel Literature* , 1982 **The Executive Decisionmaking Process** Ralph Sanders, 1999-09-30 Decisionmaking literature which has emphasized the act of solving problems has long neglected the need to identify problems as precisely as possible This book examines the nature of problems and decisionmaking and their impact on people who direct an organization It further focuses on how executives respond to take action at the upper levels of their organizations The book stresses problem identification which executives frequently ignore because of their preoccupation with problem solving It looks at the need to avoid viewing solutions as remedies achieved at predetermined milestones It examines options other than solutions such as accommodation and coping and it looks at the executive environment associated with outcomes along a spectrum ranging from perfection to progress to failure The author argues that executives should abandon the attempt to predetermine objectives over time and adopt a Problem Exchange Ratio PER concept The executive then compares the status of problems over time creating a ratio The PER approach considers the problems that solutions themselves trigger It then allows executives to see where they stand and suggests ways of ameliorating unwanted conditions The author provides illustrative cases and episodes from both the public and private sectors Combining theory and practical aspects of executive decisionmaking this book gives the reader a fuller understanding of the link between decisions and problems **The 30 Most Common Problems in Management and Law to Solve Them** William A. Delaney, 1982 *Engineering Management* , 1982 Instructor's Resource Manual Gary W. Yunker, 1986 *Problem Employee Management* Willa M.
