37 39 Last Look Round:

Sunday Craig Harline, 2011-09-13 The mere mention of Sunday will immediately conjure up a rich mix of memories associations and ideas for most anyone of any age Whatever we think of be it attending church reading a bulky newspaper eating brunch or watching football Sunday occupies a unique place in Western civilization But how did we come to have a day with such a singular set of traditions Here historian Craig Harline examines Sunday from its ancient beginnings to contemporary America in a fascinating blend of stories and analysis For the earliest Christians the first day of the week was a time to celebrate the liturgy observe the Resurrection and work But over time Sunday in the Western world took on still other meanings and rituals especially in the addition of both rest and recreation to the day's activities Harline illuminates these changes in enlightening profiles of Sunday in medieval Catholic England Sunday in the Reformation and Sunday in nineteenth century France home of the most envied and sometimes despised Sunday of the modern world He continues with moving portraits of soldiers and civilians trying to observe Sunday during World War I examines the quiet Sunday of England in the 1930s and concludes with the convergence of various European traditions in the American Sunday which also adds some distinctly original habits of its own such as in the realms of commerce and professional sports With engaging prose and scholarly integrity Sunday is an entertaining and long overdue look at a significant hallmark of Western culture **1938:**

Modern Britain Michael John Law, 2017-12-14 In 1938 Modern Britain Michael John Law demonstrates that our understanding of life in Britain just before the Second World War has been overshadowed by its dramatic political events 1938 was the last year of normality and Law shows through a series of case studies that in many ways life in that year was far more modern than might have been thought By considering topics as diverse as the opening of a new type of pub the launch of several new magazines the emergence of push button radios and large screen televisions sets and the building of a huge office block he reveals a Britain both modern and intrigued by its own modernity that was stopped in its tracks by war and the austerity that followed For some life in Britain was as consumerist secular Americanized and modern as it would become for many in the late 1950s and early 1960s Presenting a fresh perspective on an important year in British social history illuminated by six engaging case studies this is a key study for students and scholars of 20th century Britain Life Before the War Michael Alpert, 2026-01-30 In northern Britain and parts of Wales and Scotland your life might well be dominated throughout the 1930s by unemployment low wages poor nutrition ill health and slum housing But if you lived in the Midlands London or the South East by the latter 1930s you would probably be enjoying a far better life as you benefited from the spread of electric power new factories and products a greater variety of food a huge private and public house building programme and expansion of all sorts much of it created by the sums spent on rearmament For people living in prosperous areas real wages rose substantially between 1936 and 1939 as was shown by their increased consumption of food and clothes The latter 1930s were years of ever more widespread leisure pursuits among them near universal cinema going

newspaper reading and for many millions holiday making A well paid working man or office worker might even be able to buy a car Even so most working class wages especially for women remained below those of the middle classes and class differences were still clearly marked in housing food clothing education medical treatment and purchasing power in general Your views on religion marriage sex and behaviour in general remained sharply defined and changed slowly and only at the end of the decade could the beginnings of change be seen At the same time the Second World War which began on 3 September 1939 was the climax of a long period of increasing anxiety during which the press the wireless and the cinema newsreel brought foreign affairs more and more into your daily life Using varied sources including personal memories and daily life as pictured in newspapers and novels Michael Alpert presents a broad picture of life for ordinary people in Britain nearly a century ago

The Roadhouse Comes to Britain David W. Gutzke, Michael John Law, 2017-04-20 This is the first book to examine the cultural phenomenon of the roadhouse in mid 20th century Britain and its impact on British leisure The term roadhouse was used in varied ways in the 1930s from small roadside tearooms to enormous establishments on the outskirts of major cities These roadhouses were an important component in the transformation of leisure in the 1930s and beyond reflecting the increased levels of social and physical mobility brought about by new technologies suburbanisation and the influence of American culture Roadhouses attracted wealthy Londoners excited by the prospect of a high speed run into the countryside During the day they offered family activities such as tennis archery horse riding and swimming At night they provided all the fun of the West End with dancing classy restaurants cabaret swimsuit parades and dance demonstrations subverting the licensing laws to provide all night drinking Rumours abounded of prostitution and transgressive behaviour in the car park Roadhouses formed part of an imaginary America in suburban Britain that was promoted by the popularity of American movies music and fiction providing a pastiche of the American country club While much work has been done on the Soho nightclubs of the 1930s the roadhouse has been largely ignored Michael John Law and David Gutzke fill this gap in the literature by providing a comprehensive analysis of the roadhouse s cultural meaning demonstrating how its Americanisation was interpreted for British consumers This original and engaging study will be fascinating reading for all scholars of 20th century British cultural history

[The Kennedy Women](#) Laurence Leamer, 1996-09-29 A FRESH AND UNVARNISHED PORTRAIT OF A FASCINATING TALENTED AND DEEPLY FLAWED FAMILY Boston Herald Laurence Leamer was granted unheralded access to private Kennedy papers and he interviewed family and old friends many of whom had never been interviewed before for this incredible portrait of the women in America s royal family From Bridget Murphy the foremother who touched shore at East Boston in 1849 to the intelligent independent Kennedy women of today Laurence Leamer tells their unforgettable stories Here are the private thoughts of Kathleen the flirtatious debutante in prewar England the truth behind Joe Kennedy s insistence that his mildly retarded daughter Rosemary be lobotomized the real story behind Joan and Ted s whirlwind

romance Jackie's desire for a divorce from JFK in the 1950s Pat Lawford's disastrous Hollywood marriage how Caroline discovered her cousin David's death by overdose and more Tough enough to withstand the unimaginable these Kennedy women soldier on in the name of their extraordinary family and what they believe is right MASTERFUL AN ENDLESSLY FASCINATING READ A wealth of beautifully rendered social detail at times reading like a realist novel by Edith Wharton A page turner from start to finish The Dallas Morning News The experience of suburban modernity Michael John Law, 2014-12-01 The experience of suburban modernity looks at the history of the London suburbs in the interwar years It shows that contrary to those accounts that portray suburbia as static and boring these suburbs were in fact at the heart of the adoption of private transport and new mobilities Wealthier middle class suburbanites enjoyed driving at speed on new arterial roads visiting roadhouses for a transgressive night out taking five shilling flights from the local airport and joining cycling and motorcycle clubs All this fun came at a price for some in the form of thousands of deaths in road accidents plane crashes on suburban housing and in the despoiling of the countryside through road development This book will be welcomed by academics and students working in suburban studies historical geography and interwar British history and can also be enjoyed by anyone interested in the history of London Forever England Alison Light, 2013-08-21 Most studies of the interwar years have focussed upon literary elites rendering that past and its literature in almost exclusively male terms In Forever England Alison Light argues that we cannot make sense of Englishness in the period or understand the changes within literary culture unless we recognise the extent to which the female population represented the nation between the wars From the traumatic aftermath of the First World War Forever England traces the making of a conservative national temperament which could be defensive and protective yet modernising in outlook In a series of literary analyses the author suggests some of the tones and accents of this new version of Englishness in particular she looks at new kinds of readership and fiction at the historical and emotional significance of the whodunit the burgeoning of historical romance and the creation of a middlebrow culture in the period Forever England evokes a powerful sense of period and of the pleasures of reading providing an intimate picture of interwar life from inside the English middle classes As a feminist inquiry it argues from a different kind of social and political history one which makes connections between the interior structures of private life and their more public national forms Controversially it also urges that feminism deal with conservative as well as radical desires and their place in women's lives **Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... Wherein the Copyright Has Been Completed by the Deposit of Two Copies in the Office** Library of Congress. Copyright Office, 1978 *Sun, Fun, and Crowds* Steven Braggs, Diane Harris, 2000 The inter war period saw the annual holiday become part of the lives of large numbers of people in Britain for the first time In the Edwardian age it had been a privilege enjoyed by the few but by the end of the 1930s 15 million people were going away to the coast for a week or two This book explores all the facets of the seaside

holiday where people went and why how they got there where they stayed and what they did We take in the first holiday camps which opened in the 30s as well as some wonderful modern hotels that were the epitome of sophistication and style We examine the architecture of pleasure in the form of cinemas piers lidos and pavilions This intriguing account is richly illustrated throughout with a mixture of contemporary photographs and postcards publicity material posters and modern images
