ABSTRACT

This year journal "Medical Archives" celebrates 70th anniversary of its continuing publication. Medical Archives is oldest biomedical journal in Bosnia and Herzegovina and one of the oldest medical journals in Europe, established in the year 1947, as official scientific and professional journal of Association of Physicians of Bosnia and Herzegovina. Until present Medical Archives has published over 5000 articles. Today Medical Archives is internationally recognized medical peer-reviewed indexed journal, visible in more than 30 international on-line databases.

Key words: Medical journal, Medical Archives, Bosnia and Herzegovina.

This is the third Editorial which I write to mark the tenth anniversary of publishing the oldest medical journal in Bosnia and Herzegovina (B&H) - "Medical Archives". This third is composed of parts of the manuscript that were published in a special monograph issued to celebrate the 60th anniversary of the creation and publishing of Medical Archives. I allow myself the freedom to take on behalf of the Editorial board (and the last three) from falling into oblivion some facts related to the establishment of the "Medical Archives" and characteristic of periods during its continuous publishing for the past seventy years (2-8).

Exactly, the Medical Archives journal was a key milestone that helped in education of all academic and professional staff that became the foundation of Bosnian and Herzegovinian medicine as a science and health care as a profession. In the first issue, academician Vladimir Cavka signs first Editorial with this line: "Our leaders, not sparing the enormous material resources, trying with all their strength that or Medical Faculty in Sarajevo as quickly as possible put on a solid foundation, expecting rightly, of all who participate in the construction of the Faculty the maximum effort. With the formation of the Medical Faculty in Sarajevo and the activation of the Association of Physicians for Bosnia and Herzegovina there was a need of issuing a professional medical journal, in which, next to scientific papers and articles can be included also clinics and therapy of all branches of medicine, and which will, in the first place, were of interest to practicing doctors.
