Atlantic Provinces In Confederation:

The Atlantic Provinces in Confederation E. R. Forbes, Ernest R. Forbes, Delphin Andrew Muiise, Bill Parenteau, 1993-01-01
The Atlantic Provinces cover New Brunswick Nova Scotia Prince Edward Island and Newfoundland *Atlantic Canada & Confederation* David G. Alexander, 1983-05 The nine essays in this posthumous volume are linked by a recurring theme an affirmation of the integrity and viability of the small society and culture in the economic blocs and political federations of the modern world Alexander maintained that there was an economic base for the provinces of Atlantic Canada in the resources of the region and the genius of its people In these essays he launched an assault on the beliefs that hindered the development of that base while searching for policies necessary to sustain that society He indicated Canadian trade policies He stated that neither the date nor the fact of entry into Confederation offered an economic panacea for any of the Atlantic provinces but that the question of political and economic accommodation within the larger federation was critical Alexander's study of the rise and decline of the shipping industry in Atlantic Canada in the nineteenth century revealed a regional industry with resources capital and entrepreneurial talent to compete successfully in international trade It also reinforced his belief that subsequent regional disadvantages grew as much from institutional and political factors as from the unimpeded operation of comparative advantage and market forces The volume pleads for a stronger federalism based on the belief that the survival of the Canadian Confederation depends upon the rebirth of pride and self respect among Canada's diverse peoples These essays are part of that heritage and that rebirth

The Atlantic Region to Confederation Phillip Buckner, John G. Reid, 2017-06-22 Nearly thirty years ago W S MacNutt published the first general history of the Atlantic provinces before Confederation An outstanding scholarly achievement that history inspired much of the enormous growth of research and writing on Atlantic Canada in the succeeding decades Now a new effort is required to convey the state of our knowledge in the 1990s Many of the themes important to today's historians notably those relating to social class gender and ethnicity have been fully developed only since 1970 Important advances have been made in our understanding of regional economic developments and their implications for social cultural and political life This book is intended to fill the need for an up to date overview of emerging regional themes and issues Each of the sixteen chapters written by a distinguished scholar covers a specific chronological period and has been carefully integrated into the whole The history begins with the evolution of Native cultures and the impact of the arrival of Europeans on those cultures and continues to the formation of Confederation The goal has been to provide a synthesis that not only incorporates the most recent scholarship but is accessible to the general reader The book reassesses many old themes from a new perspective and seeks to broaden the focus of regional history to include those groups whom the traditional historiography ignored or marginalized

Maritimes **The Atlantic Provinces and the Problems of Confederation** George A. Rawlyk, Task Force on Canadian Unity, 1979 **Essential Readings in Canadian Constitutional Politics** Peter H. Russell, Christian Leuprecht, 2011-01-01

Essential Readings in Canadian Constitutional Politics introduces students scholars and practitioners to classic authors and writings on the principles of the Canadian Constitution as well as to select contemporary material To complement rather than duplicate the state of the field it deals with the Canadian Charter of Rights and Freedoms and with Canadian mega constitutional politics in passing only focusing instead on institutions federalism intergovernmental relations bilingualism and binationalism the judiciary minority rights and constitutional renewal Many of the selections reverberate well beyond Canada's borders making this volume an unrivalled resource for anyone interested in constitutional governance and democratic politics in diverse societies The Quebec Conference of 1864 Eugénie Brouillet, Alain-G. Gagnon, Guy Laforest, 2018-12-30

A new interpretation of a key period in Canadian political history **Inventing Atlantic Canada** Corey James Arthur Slumkoski, 2011-01-01

When Newfoundland entered the Canadian Confederation in 1949 it was hoped it would promote greater unity between the Maritime provinces as Term 29 of the Newfoundland Act explicitly linked the region's economic and political fortunes On the surface the union seemed like an unprecedented opportunity to resurrect the regional spirit of the Maritime Rights movement of the 1920s which advocated a cooperative approach to addressing regional underdevelopment However Newfoundland's arrival did little at first to bring about a comprehensive Atlantic Canadian regionalism Inventing Atlantic Canada is the first book to analyse the reaction of the Maritime provinces to Newfoundland's entry into Confederation Drawing on editorials government documents and political papers Corey Slumkoski examines how each Maritime province used the addition of a new provincial cousin to fight underdevelopment Slumkoski also details the rise of regional cooperation characterized by the Atlantic Revolution of the mid 1950s when Maritime leaders began to realize that by acting in isolation their situations would only worsen *Pulling Against Gravity* Donald J. Savoie, Institute for Research on Public Policy, 2001

An objective look at the New Brunswick of 1987 when Frank McKenna became premier and the New Brunswick of 1997 Compares its economic performance with that of Nova Scotia Newfoundland and Labrador and Manitoba to determine whether McKenna's reforms had a positive impact on the province's economy
