

Astrology In Buddhism

Jhampa Shaneman, Jan V. Angel

Astrology In Buddhism:

Astrology in Buddhism Jhampa Shaneman, Jan V. Angel, 2005 **Buddhist Astrology** Jhampa Shaneman, Jan V. Angel, 2003

Buddhist astrology bridges familiar astrological thinking with the ideas of karma interdependence and impermanence. Within its tenets every psychological state is brought to light; it can be considered spirit medicine for modern astrology.

Glossary *A Concise Introduction To Tibetan Astrology [Men-Tsee-Khang-ཏཱ་ལའ་བོ་ཤེས་རིན་པོ་ལའ་]*, 2013-03-23

Preface It was certainly the combination of a gigantic landmass, a small population and primarily the nomadic pastoral lifestyle which made the ancient Tibetans special awareness of their environment. From time immemorial our ancestors have closely observed the movements of the Sun, Moon, planets and constellations and have calculated time based on day, month and seasons. They forecasted the weather based on the nature of the wind, clouds, rainbows, appearance of the flora, behaviour of the fauna and being conscious of microscopic changes in other natural phenomena. These fine observations of nature formed the rich foundation on which Tibetan Astrology was later built upon. Founded on primeval wisdom by the second century B.C., this had developed into a systematic science known as one of the 12 Fields of Knowledge of the Bon Tradition alongside medicine and an array of divinatory practices. Over the centuries this fertile base was greatly expanded by the arrival of Buddhist philosophy and Chinese astrology in the seventh century A.D. With the advent of Buddhism from India came access to the Kalachakra Tantra, a teaching explaining the formation of the universe and living beings first preached by the Shakyamuni Buddha in 881 B.C. By the 11th century A.D. this complex tantric yoga was fully practiced in Tibet and was soon incorporated by scholars into astrological texts. The history of Tibetan Astrology is a complex, multi-faceted and culturally unique, just like the long history of the Tibetan empire. Through the decades of exile in India, this tradition has been carefully taught, conserved and practiced by Men-Tsee-Khang, the Tibetan Medical and Astro Institute alongside its complementary and more widely known science, Tibetan Medicine, Tibetan Astronomy and Astrology.

A Brief Introduction first published in 1995 by this institute has reached its eighth edition. With world interest in all facets of Tibet's religion, history, arts and culture spiraling, it was decided that a more ambitious and comprehensive illustrated book should be produced outlining all fundamental aspects of Tibetan Astrology. We were assigned this project in late 2009 and as our research began to bear fruit, we decided to include in the book the fundamental understanding of the indigenous Ancient Tibetan Astrology and its interface with the importation of Nag-rTsis Elemental Astrology from China and dKar-rTsis the astrology of Kalachakra and Arising Vowels from India. This led to the two major indigenous astrology lineages, the Tsurlug and the Phuglug, the latter of which is practiced by Men-Tsee-Khang. Having the origin and authenticity of this, we proceeded by explaining for the beginners the role of astrology in relation with the nine other traditional fields of science: grammar, medicine, logic, arts and crafts, Buddhist philosophy, poetry, synonyms, metrical science and theatrical performance. Tibetan Astrology is an important feature of the Science of Healing and inseparable from the practice of Tibetan Medicine. Since the objective of engaging in the study and practice of Tibetan

Astrology is to ensure good fortune and happiness to others and often to advise remedial measures and protections when obstacles are identified the final part of the text focuses on explaining the wide range of horoscopes and amulets which are routinely prepared by TMAI s Astrology Department The primary motivation of exiles gathered in Dharamshala has been the preservation of Tibet s religion and culture while we watch our beliefs practices and way of life being suppressed sinified and even erased under China s occupation of the Tibetan Plateau Tibetan Medicine and Astrology are key components in ensuring this cultural preservation With their roots stemming from the understanding and practice of Buddha Dharma and their ethical focus on the well being of all sentient life these ancient sciences can be seen as a precious offering of wisdom and healing to today s uncertain world Tenzin Sherab Astrologer Tenzin Tsewang Jamling Astrologer Men Tsee Khang December 2011

Buddhist Astrology Jhampa Shaneman,Jan V. Angel,2013-09-01 Throughout history astrology was considered a scholarly tradition relied upon by world leaders philosophers and spiritual teachers to guide civilizations in all areas of life Historically astrology was accepted in political and academic contexts and was connected with astronomy alchemy meteorology and medicine Although since the end of the 17th century science called astrology into question many scholars are now reviving its role in shaping our understanding of the world Buddhist Astrology is a form of archetypal astrology that helps us understand the role of the cosmic cycles in relation to our understanding and identification with Buddhist philosophy and mythology It helps us understand the role of interdependence a primary Buddhist belief with our personal genetics family history education and other social and cultural influences Buddhist Astrology recognizes that there is a critical need to balance the physical world around us with conditions we were born into from a karmic or cosmic perspective The interdependence of these factors makes us able to live in a world full of choices while honoring the basic dynamic trends pulling us in one direction or another

Tibetan Astrology Philippe Cornu,1997 Astrology is one of the traditional arts and sciences of Tibet used by monks and lamas in the study of the rhythms and cycles of time for divination and as an adjunct to the practice of traditional medicine Here is the first comprehensive introduction to the subject with practical instructions for casting and interpreting a Tibetan horoscope
