Asylum In The Community:

Asylum in the Community John Carrier, Dylan Tomlinson, 2003-09-02 Based on an empirical examination of psychiatric care both past and present Asylum in the Community clearly defines the concept of asylum and shows how it can be provided effectively outside the hospital Drawing on work in the USA Belgium Spain Ireland and England contributors analyse such services from both user and provider perspectives From these analyses the editors establish the key elements that should be considered in developing contemporary community services for the mentally ill Asylum in the Community provides a balanced assessment of a controversial topical issue for managers and providers of mental health services and those teaching or training in the mental health sciences *European Asylum Law And International Law* Hemme Battjes, 2006 Community asylum law is becoming ever more essential to asylum law in Europe But many intricate questions about this new body of law remain to be resolved Do the Community rules weaken or improve the position of asylum seekers Would a future Community asylum law have to observe international norms What role should the Court of Justice play in asylum matters And does the communautarisation of asylum law affect the possibilities of asylum seekers to approach domestic courts or the European Court of Human Rights These and other questions are addressed in this book It offers besides an in depth study of the relation between European and international asylum law a practical manual for European asylum law It discusses the content and meaning of all Community regulations and directives on asylum as well as their possible use and reliability in domestic proceedings **Research Handbook on Housing, the Home and Society** Keith Jacobs, Kathleen Flanagan, Jacqueline De Vries, Emma MacDonald, 2024-08-06 This dynamic Research Handbook explores key perspectives topics and methodologies used to understand housing the home and society Pairing social theory with a broad range of case studies from the Global North and South it offers a unique insight into the field Destigmatising mental illness? Vicky Long, 2015-11-01 This historical study of mental healthcare workers efforts to educate the public challenges the supposition that public prejudice generates the stigma of mental illness Drawing on extensive archival research this book argues that psychiatrists nurses and social workers generated representations of mental illness which reflected their professional aspirations economic motivations and perceptions of the public Sharing in the stigma of their patients healthcare workers sought to enhance the prestige of their professions by focussing upon the ability of psychiatry to effectively treat acute cases of mental disturbance As a consequence healthcare workers inadvertently reinforced the stigma attached to serious and enduring mental distress This book makes a major contribution to the history of mental healthcare and critiques current campaigns which seek to end mental health discrimination for failing to address the political economic and social factors which fuel discrimination It will appeal to academics students healthcare practitioners and service users *The Afterlives of the Psychiatric Asylum* Graham Moon, Robin Kearns, 2016-03-03 The last 40 years has seen a significant shift from state commitment to asylum based mental health care to a mixed economy of care in a variety of locations In the wake of this deinstitutionalisation attention to date has

focussed on users and providers of care The consequences for the idea and fabric of the psychiatric asylum have remained stones unturned This book address an enduring yet under examined question what has become of the asylum Focussing on the recycling of both the idea of the psychiatric asylum and its sites buildings and landscapes this book makes theoretical connections to current trends in mental health care and to ideas in cultural urban geography The process of closing asylums and how asylums have survived in specific contexts and markets is assessed and consideration given to the enduring attraction of asylum and its repackaging as well as to retained mental health uses on former asylum sites new uses on former sites and interpretations of the derelict psychiatric asylum The key questions examined are the challenges posed in seeking new uses for former asylums the extent to which re use can transcend stigma yet sustain memory and how location is critical in shaping the future of asylum and asylum sites

Culture, Diversity, and Criminal Justice Alex Workman,Ranya Kaddour,Patricia M. Griffin,2023-05-23 This ground breaking textbook engages readers in conversation about responding to the effects of diversity within formal criminal justice systems in Westernized nation states Moving past a binary concept of diversity that involves only race and gender this book elaborates upon a wide variety of other forms of diversity including sexuality disability mental health gendered identity refugees the young and the ageing and culturally and linguistically diverse CALD peoples with an awareness of how intersecting identities make some people more vulnerable than others With reported statistics providing only a snapshot of the incongruent experiences of diverse minorities in contact with criminal justice systems there is a clear need for nuanced training and accessible information regarding diversity in criminal justice The book examines diversity in terms of both criminal justice agents and justice involved individuals such as people in prison those convicted of crimes the victimized and the community This volume brings together a group of international scholars to articulate on each of the identified populations examining the effect of culture and diversity on criminal justice outcomes and outlining how those diverse perspectives can improve criminal justice service delivery overall Incorporating case studies reflections and activity questions this book is a valuable resource for courses in criminology criminal justice corrections and law enforcement and is ideal for any program focusing on multiculturalism and diversity in criminal justice Scholars
