

Blackboard Integration - Instructor Guide

Instructors can create assignments in Blackboard that are integrated with portfolios and assignments in LiveText. This reduces the need to work in two separate systems.

This guide will show instructors how to set up and use the integration to collect and assess assignments, and have the results returned to Blackboard automatically.

Setting up the LiveText Assignment

1. While logged onto your LiveText account, click on the text for your assignment.
2. Click on **EDIT** (upper right).
 - LiveText does not recommend adding Grade Sync to assignments that are already in progress.
3. Edit your post and due dates if applicable.
4. Check the box for "Publish Grades"
5. Grades will only sync if the student accesses the assignment through Blackboard.

Optional but recommended:

 - When setting up your assignment in LiveText, uncheck "viewable to student" directly under the due date. The student will not see the assignment unless accessed through Blackboard.
 - **IMPORTANT:** Remember to go back to the assignment in LiveText when you have finished assessing the students and check the "viewable to student" box. This will allow your student to see the rubric and have it in their personal LiveText permanently.
6. Click on the checkbox "Sync Grades with LMS".
7. Highlight and copy the "Assignment URL" by holding CTRL-C or by right clicking on the highlighted text and clicking "Copy" as seen in Figure 1:
