Your Sons Are at Your Service Aaron Y. Zelin,2020-02-11 Tunisia became one of the largest sources of foreign fighters for the Islamic State even though the country stands out as a democratic bright spot of the Arab uprisings and despite the fact that it had very little history of terrorist violence within its borders prior to 2011 In Your Sons Are at Your Service Aaron Y Zelin uncovers the longer history of Tunisian involvement in the jihadi movement and offers an in depth examination of the reasons why so many Tunisians became drawn to jihadism following the 2011 revolution Zelin highlights the longer term causes that affected jihadi recruitment in Tunisia including the prior history of Tunisians joining jihadi organizations and playing key roles in far flung parts of the world over the past four decades He contends that the jihadi group Ansar al Sharia in Tunisia was able to take advantage of the universal prisoner amnesty increased openness and the lack of governmental policy toward it after the revolution In turn this provided space for greater recruitment and subsequent mobilization to fight abroad once the Tunisian government cracked down on the group in 2013 Zelin marshals cutting edge empirical findings extensive primary source research and on the ground fieldwork including a variety of documents in Arabic going as far back as the 1980s and interviews with Ansar al Sharia members and Tunisian fighters returning from Syria The first book on the history of the Tunisian jihadi movement Your Sons Are at Your Service is a meticulously researched account that challenges simplified views of jihadism s appeal and success

Science in the Changing World bound with Science at Your Service

Various, 2014-07-17 Science in the Changing World first published in 1933 contains a series of broadcasted presentations on the relationship between science and the development of European civilisation in the first half of the 20th century. Specifically each talk attempts to reflect the crisis through which the world seemed to be passing at the time and to make an analysis of those forces of transformation in science, art, economics and social life which were associated most closely with the advent of the scientific century. Included among the presenters are such eminent and diverse thinkers as Julian Huxley, Bertrand Russell and Hilaire Belloc. Science at Your Service First published in 1945 this collection of twelve BBC broadcasts focuses on the influence of science in everyday life and demonstrates that not all science is remote and theoretical. Each speaker deals with some aspect of mid 20th century scientific advance as it related to subjects of practical importance from textiles and tunnels to fishing and ship design. Offering a glimpse into the attitudes towards science current in the middle of the Second World War this brief and accessible collection will be of interest to cultural historians as well as to the general science enthusiast.
