Atlantic Alliance:

How NATO Adapts Seth A. Johnston, 2017-02-01 Despite momentous change NATO remains a crucial safeguard of security and peace Today's North Atlantic Treaty Organization with nearly thirty members and a global reach differs strikingly from the alliance of twelve created in 1949 to keep the Americans in the Russians out and the Germans down These differences are not simply the result of the Cold War's end 9/11 or recent twenty first century developments but represent a more general pattern of adaptability first seen in the incorporation of Germany as a full member of the alliance in the early 1950s Unlike other enduring post World War II institutions that continue to reflect the international politics of their founding era NATO stands out for the boldness and frequency of its transformations over the past seventy years In this compelling book Seth A Johnston presents readers with a detailed examination of how NATO adapts Nearly every aspect of NATO including its missions functional scope size and membership is profoundly different than at the organization's founding Using a theoretical framework of critical junctures to explain changes in NATO's organization and strategy throughout its history Johnston argues that the alliance's own bureaucratic actors played important and often overlooked roles in these adaptations Touching on renewed confrontation between Russia and the West which has reignited the debate about NATO's relevance as well as a quarter century of post Cold War rapprochement and more than a decade of expeditionary effort in Afghanistan How NATO Adapts explores how crises from Ukraine to Syria have again made NATO's capacity for adaptation a defining aspect of European and international security Students scholars and policy practitioners will find this a useful resource for understanding NATO transatlantic relations and security in Europe and North America as well as theories about change in international institutions

NATO Reconsidered Wesley B. Truitt, 2020-10-27 Is NATO still in the best interest of the United States This provocative work argues that the focus on NATO distracts the U S from the vital foreign policy challenges of the 21st century most notably China's rise in power Since its beginning in 1949 NATO the North Atlantic Treaty Organization has been at the center of U S foreign policy The alliance was crucial during the decades of the Cold War and the United States collaborated closely with NATO during crises in Kosovo Afghanistan and Libya But does the NATO alliance still serve the best interests of the U S The NATO of today one that has expanded to 30 member countries risks involving the U S in unwanted military activities of the future actions that were not intended in the original Atlantic alliance In addition the real challenges for foreign policy of 21st century are not in Europe but in the expanding economic powerhouses in Asia especially China NATO Reconsidered argues that the changes in world politics in recent decades requires that the more than 70 year old alliance should no longer be the principal focus of U S foreign policy

The Presidents Words, an Index Ralph Joseph Shoemaker, 1954 The following index includes speeches messages to congress press conferences executive orders letters and statements of President Eisenhower It contains subjects and persons spoken about phrases quotations expressions and words used Foreword

Forced to Choose Charles Cogan, 1997-06-30 Dogged by the humiliation of the

wartime occupation obsessed by fear of a resurgent Germany jealous of the British ascendancy gained during the war and dominated by an intellectual class almost wholly given over to the prevailing antifascism and therefore philo sovietism of the postwar France would take 20 years to live up to its promise as the motor of Western Europe Though it was perhaps inevitable that France falling on the western divide of the Iron Curtain would join the U S camp it did so with a loss of sovereignty symbolized in NATO s integrated command This was a situation that Charles de Gaulle after his return to power in 1958 would seek to undo
