

AUTOCRACY, MODERNIZATION, AND REVOLUTION IN RUSSIA AND IRAN

TIM MCDANIEL

Autocracy Modernization And Revolution In Russia And Ira

Michael Seilmaier

Autocracy Modernization And Revolution In Russia And Iran:

Autocracy, Modernization, and Revolution in Russia and Iran Tim McDaniel, 2014-07-14 What did the Russian revolution of 1917 and the Iranian revolution of 1978 1979 share besides their drama How can we compare a revolution led by Lenin with one inspired by Khomeini How is a revolution based primarily on the urban working class similar to one founded to a significant degree on traditional groups like the bazaaris small craftsmen and religious students and preachers Identifying a distinctive route to modernity autocratic modernization Tim McDaniel explores the dilemmas inherent in the efforts of autocratic monarchies in Russia and Iran to transform their countries into modern industrial societies Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Unthinkable Revolution in Iran** Charles

Kurzman, 2005-09-06 The shah of Iran Mohammad Reza Pahlavi would remain on the throne for the foreseeable future This was the firm conclusion of a top secret CIA analysis issued in October 1978 One hundred days later the shah despite his massive military fearsome security police and superpower support was overthrown by a popular and largely peaceful revolution But the CIA was not alone in its myopia as Charles Kurzman reveals in this penetrating work Iranians themselves except for a tiny minority considered a revolution inconceivable until it actually occurred Revisiting the circumstances surrounding the fall of the shah Kurzman offers rare insight into the nature and evolution of the Iranian revolution and into the ultimate unpredictability of protest movements in general As one Iranian recalls The future was up in the air Through interviews and eyewitness accounts declassified security documents and underground pamphlets Kurzman documents the overwhelming sense of confusion that gripped pre revolutionary Iran and that characterizes major protest movements His book provides a striking picture of the chaotic conditions under which Iranians acted participating in protest only when they expected others to do so too the process approaching critical mass in unforeseen and unforeseeable ways Only when large numbers of Iranians began to think the unthinkable in the words of the U S ambassador did revolutionary expectations become a self fulfilling prophecy A corrective to 20 20 hindsight this book reveals shortcomings of analyses that make the Iranian revolution or any major protest movement seem inevitable in retrospect [You Say You Want a Revolution?](#) Daniel Chirot, 2022-02-08 Why most modern revolutions have ended in bloodshed and failure and what lessons they hold for today s world of growing extremism Why have so many of the iconic revolutions of modern times ended in bloody tragedies And what lessons can be drawn from these failures today in a world where political extremism is on the rise and rational reform based on moderation and compromise often seems impossible to achieve In **YOU SAY YOU WANT A REVOLUTION** Daniel Chirot

examines a wide range of right and left wing revolutions around the world from the late eighteenth century to today to provide important new answers to these critical questions A powerful account of the unintended consequences of revolutionary change YOU SAY YOU WANT A REVOLUTION is filled with critically important lessons for today's liberal democracies struggling with new forms of extremism Back cover A Social Revolution Kevan Harris,2017-08-08 For decades political observers and pundits have characterized the Islamic Republic of Iran as an ideologically rigid state on the verge of collapse exclusively connected to a narrow social base In A Social Revolution Kevan Harris convincingly demonstrates how they are wrong Previous studies ignore the forceful consequences of three decades of social change following the 1979 revolution Today more people in the country are connected to welfare and social policy institutions than to any other form of state organization In fact much of Iran's current political turbulence is the result of the success of these social welfare programs which have created newly educated and mobilized social classes advocating for change Based on extensive fieldwork conducted in Iran Harris shows how the revolutionary regime endured through the expansion of health education and aid programs that have both embedded the state in everyday life and empowered its challengers This focus on the social policies of the Islamic Republic of Iran opens a new line of inquiry into the study of welfare states in countries where they are often overlooked or ignored Russia, NATO and Cooperative Security Lionel Ponsard,2006-11-22 This book is an examination of the evolution of Russian NATO relations since the Cold War It shows to what extent cooperative security could serve as a means to bridge the gap between two supposedly antagonistic entities NATO and Russia **Periodica Islamica** ,1994 Pahlavi Iran and the Politics of Occidentalism Zhand Shakibi,2019-12-12 Zhand Shakibi presents a new interpretation of the political and social dynamics of the last decade of the Shah's rule that challenges the binary view of pro West Shah and anti West Ayatollah by drawing attention to the Pahlavi state's reaction to the intellectual and societal backlash against cultural and moral Occidentalism in its last decade Revising the dominant historiography of the Pahlavi ideological and discursive approach to the West this book draws attention to the changes in the attitude of the Shah the Empress and state intellectuals towards the position and imagery of the West in state conceptions of the authenticity of Iranian national culture and identity Drawing on a wide range of primary sources Shakibi presents the multi faceted relationship of the Pahlavi state to the West and the institutions that were created to manage this such as the Rastakhiz Party This study argues that the Pahlavi state having recognized this backlash attempted to limit the threat to its legitimacy by reformulating intellectual discourses of anti West Occidentalism and incorporating them into the ideology of the Rastakhiz Party In so doing it played a critical role in exacerbating societal sensitivities about the spread of Western influences *American Sociological Review* ,1936 Includes sections Book reviews and Periodical literature □□□□□ ,2007 Revolutions and Revolutionary Movements James DeFronzo,2021-09-30 With crucial insights and indispensable information concerning modern day political upheavals the sixth edition of *Revolutions and Revolutionary Movements*

provides a representative cross section of many of the most significant revolutions of the modern era Students can trace the historical development of eleven revolutions using a five factor analytical framework Attention is devoted to clearly explaining all relevant concepts and events the roles of key leaders and the interrelation of each revolutionary movement with international economic and political developments and conflicts New to this edition Expanded coverage of women and revolution with profiles of individual women revolutionaries Coverage of the recent student movement in Hong Kong as well as economic developments in China Chinese international influence and international economic development projects and trade relations with the US during the Trump administration Changes in US policy toward Cuba during the Trump administration Examination of the cancellation of the Iran nuclear agreement by the Trump administration Trump administration policies towards Iran the impacts on Iran and Iranian reactions and Iranian and Saudi Arabian involvement in Yemen Coverage of the near extinction of geographic ISIS caliphate terrorist attacks and the implications of US policy on Palestinians and Middle Eastern countries during the Trump administration Examination of persisting economic inequality corruption and recent South African political developments and government actions Analysis of revolutionary movements in Venezuela and Bolivia and coverage of major political developments and events in both countries Trump administration policy toward authoritarian states in the Middle East and implications for the possibility of pro democracy movements in Middle Eastern countries Updated student resources include multiple orienting maps summary and analysis sections chronologies and documentary resources
