legacy as a must have in any contemporary graphic design library **Raster Imaging and Digital Typography II** Robert A. Morris, Jacques Andre, 1991-11-29 The papers presented in this book were given at the RIDT 91 conference in Boston State of the art techniques in digital typography and raster imaging including curve fitting shape manipulation font design and page description languages are discussed by some of the most highly regarded international figures *A Bibliography on Writing and Written Language* Konrad Ehlich, Florian Coulmas, Gabriele Graefen, 2011-06-01 The bibliography offers information on research about writing and written language over the past 50 years No comprehensive bibliography on this subject has been published since Sattler s 1935 handbook With a selection of some 27 500 titles it covers the most important literature in all scientific fields relating to writing Emphasis has been placed on the interdisciplinary organization of the bibliography creating many points of common interest for literacy experts educationalists psychologists sociologists linguists cultural anthropologists and historians The bibliography is organized in such a way as to provide the specialist as well as the researcher in neighboring disciplines with access to the relevant literature on writing in a given field While necessarily selective it also offers information on more specialized bibliographies In addition an overview of norms and standards concerning script and writing will prove very useful for non professional readers It is therefore also of interest to the generally interested public as a reference work for the humanities **ABHB Annual Bibliography of the History of the Printed Book and Libraries** Hendrik D.L. Vervliet, 2013-11-11 The history of printing books and libraries is confined only to a limited extent within the boundaries of individual countries There are indeed few historical developments which have played a more universal role in reaction against all kinds of particularism than type design printing book production publishing illustration binding librarianship journal ism and related subjects Their history should be assessed and studied primarily in an international not in a local context The bibliographical resources however which the historian of these subjects has at his disposal correspond hardly at all to the essentially international character of the object of his studies Since the appearance of the retrospective bibliography of BIG MORE and WYMAN covering the subject comprehensively up to 1880 the only current bibliography has been the Internationale Bibliographie des Buch und Bibliothekswesens Covering a representative part of newly published literature it appeared from 1928 but did not survive the Second World War More recently several useful but limited bibliographies have appeared *Revival Type* Paul Shaw, 2017-04-18 An illuminating account of the design inspirations and technical transformations that have shaped the digital typefaces of the 21st century In this fascinating tour through typographic history Paul Shaw provides a visually rich exploration of digital type revival Many typefaces from the pre digital past have been reinvented for use on computers and mobile devices while other new font designs are revivals of letterforms drawn from inscriptions calligraphic manuals posters and book jackets Revival Type deftly introduces these fonts many of which are widely used and engagingly tells their stories Examples include translations of letterforms not previously used as type direct revivals of metal and wood typefaces and looser interpretations of older fonts

Among these are variations on classic designs by John Baskerville Giambattista Bodoni William Caslon Firmin Didot Claude Garamont Robert Granjon and Nicolas Jenson as well as typefaces inspired by less familiar designers including Richard Austin Philippe Grandjean and Eudald Pradell Updates and revisions of 20th century classics such as Palatino Meridien DIN Metro and Neue Haas Grotesk Helvetica are also discussed Handsomely illustrated with annotated examples archival material depicting classic designs and full character sets of modern typefaces Revival Type is an essential introduction for designers and design enthusiasts into the process of reinterpreting historical type Calligraphic Type Design in the Digital Age John Prestianni, 2001 Over the past 50 years Hermann and Gudrun Zapf have designed some of the modern world s most unique and innovative typefaces In fact so ubiquitous is Hermann Zapf s Palatino that it has become a common default font on millions of laser printers around the globe In honor of the Zapfs an exhibition which traces the calligraphic evolution of several contemporary Zapf typefaces is being held in San Francisco in Fall 2001 This book is catalog to the exhibition which also features the work of 14 other calligrapher type designers who have been influenced by the Zapf s work including Alan Blackman Rick Cusick Jean Evans Phill Grimshaw Akira Kobayashi Richard Lipton Jacqueline Sakwa Robert Slimbach Viktor Solt Jovica Veljovic and Julian Waters A Bibliographic History of the Book Joseph Rosenblum, 1995 skillfully compiled should be useful to anyone interested in placing his or her studies in the context of printed and bound literature ENGLISH LITERATURE IN TRANSITION 1880 1920
