

Akhenatens Egypt

Angela P. Thomas

Akhenatens Egypt:

Akhenaten and the Origins of Monotheism James K. Hoffmeier, 2015-01-15 Pharaoh Akhenaten who reigned for seventeen years in the fourteenth century B C E is one of the most intriguing rulers of ancient Egypt His odd appearance and his preoccupation with worshipping the sun disc Aten have stimulated academic discussion and controversy for more than a century Despite the numerous books and articles about this enigmatic figure many questions about Akhenaten and the Atenism religion remain unanswered In *Akhenaten and the Origins of Monotheism* James K Hoffmeier argues that Akhenaten was not as is often said a radical advocating a new religion but rather a primitivist that is one who reaches back to a golden age and emulates it Akhenaten s inspiration was the Old Kingdom 2650 2400 B C E when the sun god Re Atum ruled as the unrivaled head of the Egyptian pantheon Hoffmeier finds that Akhenaten was a genuine convert to the worship of Aten the sole creator God based on the Pharaoh s own testimony of a theophany a divine encounter that launched his monotheistic religious odyssey The book also explores the Atenist religion s possible relationship to Israel s religion offering a close comparison of the hymn to the Aten to Psalm 104 which has been identified by scholars as influenced by the Egyptian hymn Through a careful reading of key texts artworks and archaeological studies Hoffmeier provides compelling new insights into a religion that predated Moses and Hebrew monotheism the impact of Atenism on Egyptian religion and politics and the aftermath of Akhenaten s reign

Akhenaten Dominic Montserrat, 2014-05-01 The pharaoh Akhenaten who ruled Egypt in the mid fourteenth century BCE has been the subject of more speculation than any other character in Egyptian history This provocative new biography examines both the real Akhenaten and the myths that have been created around him It scrutinises the history of the pharaoh and his reign which has been continually written in Eurocentric terms inapplicable to ancient Egypt and the archaeology of Akhenaten s capital city Amarna It goes on to explore the pharaoh s extraordinary cultural afterlife and the way he has been invoked to validate everything from psychoanalysis to racial equality to Fascism

Akhenaten's Egypt Angela P. Thomas, 1988 Amenophis IV Akhenaten the father in law of Tutankhamun was king of Egypt and her empire for only seventeen years His worship of the god Aten to the exclusion of other deities his founding of a new capital city and the distinctive style of the art of his reign have made him a fascinating figure and one of the best known of Egyptian pharaohs This book surveys Akhenaten s life and times and discusses the reign of his father in which he grew up his early years as king at Thebes and his later years at Amarna his new city There is a section on the royal family and its relationships including Akhenaten s beautiful queen Nefertiti their six daughters and other members of the royal household The religious and artistic aspects of the reign are summarised and Akhenaten s major achievement the city of Akhetaten is described About the author Angela Thomas studied Egyptology at Liverpool University and University College London and holds degrees from both universities She is now Senior Keeper of Human History at Bolton Museum and Art Gallery Other titles for Shire by this author are *Egyptian Gods and Myths*

Akhenaten: Egypt's False Prophet Nicholas

Reeves,2019-08-20 Nicholas Reeves s radical interpretation of a revolutionary king now available in paperback One of the most compelling and controversial figures in ancient Egyptian history Akhenaten has captured the imagination like no other Egyptian pharaoh Much has been written about this strange persecuted figure whose depiction in effigies is totally at odds with the traditional depiction of the Egyptian ruler hero Akhenaten sought to impose upon Egypt and its people the worship of a single god the sun god and in so doing changed the country in every way In Akhenaten Nicholas Reeves presents an entirely new perspective on the turbulent events of Akhenaten s seventeen year reign Reeves argues that far from being the idealistic founder of a new faith the Egyptian ruler cynically used religion for political gain in a calculated attempt to reassert the authority of the king and concentrate all power in his hands Backed by abundant archaeological and documentary evidence Reeves s narrative also provides many new insights into questions that have baffled scholars for generations the puzzle of the body in Tomb 55 in the Valley of the Kings the fate of Nefertiti Akhenaten s beautiful wife the identity of his mysterious successor Smenkhkare and the theory that Tutankhamun Akhenaten s son and heir to the throne was murdered

Akhenaten and the Religion of Light Erik Hornung,2001 Akhenaten also known as Amenhotep IV was king of Egypt during the Eighteenth Dynasty and reigned from 1375 to 1358 B C E Called the religious revolutionary he is the earliest known creator of a new religion The cult he founded broke with Egypt s traditional polytheism and focused its worship on a single deity the sun god Aten Erik Hornung one of the world s preeminent Egyptologists here offers a concise and accessible account of Akhenaten and his religion of light Hornung begins with a discussion of the nineteenth century scholars who laid the foundation for our knowledge of Akhenaten s period and extends to the most recent archaeological finds He emphasizes that Akhenaten s monotheistic theology represented the first attempt in history to explain the entire natural and human world on the basis of a single principle Akhenaten made light the absolute reference point Hornung writes and it is astonishing how clearly and consistently he pursued this concept Hornung also addresses such topics as the origins of the new religion profound changes in beliefs regarding the afterlife and the new Egyptian capital at Akhetaten which was devoted to the service of Aten his prophet Akhenaten and the latter s family

Moses and Akhenaten Ahmed Osman,2002-10-01 A reinterpretation of biblical and Egyptian history that shows Moses and the Pharaoh Akhenaten to be one and the same Provides dramatic evidence from both archaeological and documentary sources A radical challenge to long established beliefs on the origin of Semitic religion During his reign the Pharaoh Akhenaten was able to abolish the complex pantheon of the ancient Egyptian religion and replace it with a single god the Aten who had no image or form Seizing on the striking similarities between the religious vision of this heretic pharaoh and the teachings of Moses Sigmund Freud was the first to argue that Moses was in fact an Egyptian Now Ahmed Osman using recent archaeological discoveries and historical documents contends that Akhenaten and Moses were one and the same man In a stunning retelling of the Exodus story Osman details the events of Moses Akhenaten s life how he was brought up by Israelite relatives ruled Egypt for seventeen

years angered many of his subjects by replacing the traditional Egyptian pantheon with worship of the Aten and was forced to abdicate the throne. Retreating to the Sinai with his Egyptian and Israelite supporters he died out of the sight of his followers presumably at the hands of Seti I after an unsuccessful attempt to regain his throne. Osman reveals the Egyptian components in the monotheism preached by Moses as well as his use of Egyptian royal ritual and Egyptian religious expression. He shows that even the Ten Commandments betray the direct influence of Spell 125 in the Egyptian Book of the Dead. Moses and Akhenaten provides a radical challenge to long standing beliefs concerning the origin of Semitic religion and the puzzle of Akhenaten's deviation from ancient Egyptian tradition. In fact if Osman's contentions are correct many major Old Testament figures would be of Egyptian origin. **The Hebrew Pharaohs of Egypt** Ahmed Osman, 2003-09-19

Drawing on a wealth of detailed evidence from Egyptian biblical and Koranic sources Osman proposes that Joseph in the Bible might in reality also be Yuya a father of pharaoh. Akhenaten Ronald T. Ridley, 2019-03-12 A groundbreaking historiography of the reign of Akhenaten. More ink has probably been spilled on Akhenaten and his times the Amarna Period than any other figure from ancient Egypt with a vast range of interpretations and theories that can leave the uninitiated utterly bewildered. Against this background Akhenaten: A Historian's View examines what scholars have said over the years regarding key aspects of the period to produce a history of histories exploring exactly how various chains of arguments were arrived at and how houses of cards thus erected have subsequently come tumbling down. In particular it teases out ideas based on solid documentation from those based on theory and fancy and tracks ways in which new evidence became available how it was interpreted and how it fed or didn't into the big picture. This book thus fills a major gap in the literature of the Amarna Period and also contributes to the wider and much neglected field of the historiography of ancient Egypt.

Akhenaten and Tutankhamen Zoe Lowery, Susanna Thomas, 2016-12-15 Once Akhenaten came to power in fourteenth century Egypt life changed dramatically. He completely reformed the country's religion and he replaced the traditional gods with a single god Aton the sun god. His religious fervor went so far that he changed his own name to Akhenaten meaning beneficial to the Aton from Amenhotep IV. His people were dissatisfied and soon after his death and with the rule of Tutankhamen the country returned to its traditional deities. Although Tutankhamen is famously known for his lavish tombs his short rule is also marked by the restoration of art and any temples damaged during Akhenaten's rule. From Akhenaten to Moses Jan Assmann, 2014-06-01 A critical examination of the origins and development of monotheism. The shift from polytheism to monotheism changed the world radically. Akhenaten and Moses a figure of history and a figure of tradition symbolize this shift in its incipient revolutionary stages and represent two civilizations that were brought into the closest connection as early as the Book of Exodus where Egypt stands for the old world to be rejected and abandoned in order to enter the new one. The seven chapters of this seminal study shed light on the great transformation from different angles. Between Egypt in the first chapter and monotheism in the last five chapters deal in various ways with the transition from one

to the other analyzing the Exodus myth understanding the shift in terms of evolution and revolution confronting Akhenaten and Moses in a new way discussing Karl Jaspers theory of the Axial Age and dealing with the eighteenth century view of the Egyptian mysteries as a cultural model

Akhenatens Egypt Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the ability of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change. Such is the essence of the book **Akhenatens Egypt**, a literary masterpiece that delves deep in to the significance of words and their impact on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
