Alcools Athlone French Poets:

An Anthology of Modern French Poetry (1850-1950) Peter Broome, Graham Chesters, 1976-07-15 This anthology is the companion volume to *The Appreciation of Modern French Poetry* the aim of which was to give detailed preliminary help with the problems of poetic appreciation The fourteen poets represented here provide a varied and exciting introduction to what is probably the richest century of French poetry from 1850 to 1950 Hugo the colossus of the nineteenth century whose work gives new resonance and vitality to imaginative vision opens the anthology and Michaux the most individual and modern of twentieth century poets in that he bridges the gap between poetry and contemporary science closes it Almost all the major poets of the period are included Nerval Baudelaire Mallarmé Verlaine Rimbaud and Laforgue from the second half of the nineteenth century Valéry Apollinaire Supervielle and Eluard in the twentieth The lesser known Cros and Desnos fresh and spontaneous poets with an immediate appeal invite a new look at the lyric traditions of French verse and offer an attractive new avenue for study The choice of poems dictated above all by their individual poetic value reflects also the trends of recent criticism and the tastes of present day readers The texts are all accompanied by full notes which not only explain local difficulties of vocabulary syntax and expression but lead the reader directly into the heart of the richness of theme style and interpretation These will prove of value not only to the student who is grappling with the basics of French verse or is anxious to give depth to his familiarity but to the general reader seeking to rekindle his enjoyment of French poetry In addition there are introductions to each poet summarizing the essence of his art useful suggestions for further reading and groups of discussion topics to stimulate comparative insights and a wider responsiveness **Alcools** Guillaume Apollinaire, 2000-12-01 Guillaume Apollinaire a leading figure amongst the young writers and artists in France until his death in 1918 published *Alcools* his first book of poems in 1913 With its wide range of verse forms and contrasting registers of style *Alcools* had a considerable influence on Surrealist poetry The poems provide a splendid example of the lyrical art in which the paradoxes of Apollinaire are held in high poetic tension The editor's introduction and notes take place in the 20th Century and explain allusion and difficulties in the text *Reading Apollinaire* Timothy Mathews, 1987 **Selected Poems** Guillaume Apollinaire, 2015-11-12 In the end you're tired of this antiquated world Guillaume Apollinaire 1880-1918 is the most significant French poet of early modernism and the most colourful His exuberant adventurous poetry matched the eventful times through which he lived and his experimentalism heralded a new artistic order In the Paris of the belle époque Apollinaire's prolific writing poems short stories erotic novels art criticism as well as his magnetic personality brought him fame and even some notoriety His two great collections of poetry *Alcools* and *Calligrammes* made his reputation and they include love poems as well as the war poetry for which he is best known Apollinaire coined the word surrealism and he led the literary and artistic avant-garde right up to his death two days before the Armistice weakened by injuries received earlier in the War This new selection by Martin Sorrell covers the full range of Apollinaire's career and includes some of the poet's

inventive pictorial calligrams The introduction and notes explore his seminal role in the culture of the twentieth century

Translating Apollinaire Prof. Clive Scott, 2015-03-26 Translating Apollinaire delves into Apollinaire's poetry and poetics through the challenges and invitations it offers to the process of translation Besides providing a new appraisal of Apollinaire the most significant French poet of WWI Translating Apollinaire aims to put the ordinary reader at the centre of the translational project It proposes that translation's primary task is to capture the responses of the reader to the poetic text and to find ways of writing those responses into the act of translation Every reader is invited to translate and to translate with a creativity appropriate to the complexity of their own reading experiences Throughout Scott himself consistently uses the creative resource of photography and more particularly photographic fragments as a cross media language used to help capture the activity of the reading consciousness

Introduction to French Literature Brian Nelson, 2015-06-05 In this highly accessible introduction Brian Nelson provides an overview of French literature its themes and forms traditions and transformations from the Middle Ages to the present Major writers including Francophone authors writing from areas other than France are discussed chronologically in the context of their times to provide a sense of the development of the French literary tradition and the strengths of some of the most influential writers within it Nelson offers close readings of exemplary passages from key works presented in English translation and with the original French The exploration of the work of important writers including Villon Racine Molière Voltaire Balzac Flaubert Zola Proust Sartre and Beckett highlights the richness and diversity of French literature

Reading Apollinaire's Alcools Willard Bohn, 2016-10-27 Reviewing the previous scholarship for seventeen of the most important poems in *Alcools* this book provides a detailed analysis of each work and includes a state of the art survey of current Apollinaire criticism Besides acquainting readers with the existing scholarship the book considers all the interpretations that have been proposed and indicates profitable directions to pursue Each poem is subjected to a rigorous line by line analysis that engages in a succession of dialogues with previous critics The studies themselves are arranged in roughly chronological order beginning with the Rhànanes in 1901 1902 and concluding with *Zone* in 1912 Although each chapter is basically conceived as an independent unit readers are able to follow the evolution of Apollinaire's aesthetics from his first mature creations through his subsequent experiments with fantastic hermetic visionary and cubist poetry At the same time they witness Apollinaire's personal evolution from his infatuation with Annie Playden through a period of deep depression his love affair with Marie Laurencin and the aftermath of that relationship
