A Picture Of Hampshire:

A Picture of Hampshire John L. Baker, 1986 A History of Greatham Peter Gripton, 2007 The present day Parish of Greatham lies in the county of Hampshire on either side of the old Farnham Surrey to Petersfield Turnpike The Domesday Book of 1086 recorded Greatham as being Terra Regis a Latin term meaning Land of the King indicating that this was once a Royal manor belonging to William the Conqueror himself In later years the manor passed through many families by marriage and by purchase including the Devenish Marshall Norton Freeland Love Chawner and Coryton families The name of the village has changed many times however slightly over the years Greteham Grietham Gretham Grutham Gratham all derived from two separate words the Old English Anglo Saxon ham meaning village estate manor or homestead and an old Scandinavian word griot or gryt meaning stones or stony ground Thus the name Greotham came into being literally a stony estate or farm on gravel **The Granite Monthly** Henry Harrison Metcalf, John Norris McClintock, 1924 Contains articles on the White Mountains and a map *Existentialists and Mystics* Iris Murdoch, 1999-07-01 Best known as the author of twenty six novels Iris Murdoch has also made significant contributions to the fields of ethics and aesthetics Collected here for the first time in one volume are her most influential literary and philosophical essays Tracing Murdoch s journey to a modern Platonism this volume includes incisive evaluations of the thought and writings of T S Eliot Jean Paul Sartre Albert Camus Simone de Beauvoir and Elias Canetti as well as key texts on the continuing importance of the sublime on the concept of love and the role great literature can play in curing the ills of philosophy Existentialists and Mystics not only illuminates the mysticism and intellectual underpinnings of Murdoch s novels but confirms her major contributions to twentieth century thought *American Sheep Breeder and Wool Grower* , 1926 Recommended Country Inns & Pubs of Britain Hunter Publishing, 2004 Centuries old inns on winding roads and pubs with traditional English food *A Mystical Philosophy* Donna J. Lazenby, 2014-01-30 Revealing in an original and provocative study the mystical contents of the works of famous atheists Virginia Woolf and Iris Murdoch Donna Lazenby shows how these thinkers refusal to construe worldviews on available reductive models brought them to offer radically alternative pictures of life which maintain its mysteriousness and promote a mystical way of knowing A Mystical Philosophy contributes to the contemporary resurgence of interest in Spirituality but from an entirely new direction This book provides a warning against reductive scientific and philosophical models that impoverish our understanding of ourselves and the world and a powerful endorsement of ways of knowing that give art and a restored concept of contemplation their consummative place The Changing Face of Burberry Siân Weston, 2022-12-15 Global fashion markets particularly those aimed at prosperous millennial consumers in China are in thrall to Burberry and connect the company s output in the 21st century to a quintessential notion of British tradition The Changing Face of Burberry examines how the company successfully built this sense of tradition and how it has retained and capitalized on it within contemporary consumer culture Charting the company s modest beginnings in semi rural Hampshire in 1856 when it

primarily produced waxed smocks for agricultural workers the book follows the ebbs and flows of its fortunes over its 150 year history from creating garments for the early motorist the gentleman officer and the aristocratic adventurer to its current status as global fashion brand It also explores Burberry s more problematic associations when the brand was sold in tourist souvenir stores and linked to chav culture Combining interviews and archive material including close analysis of advertising campaigns from the late 19th to the 21st century *The Changing Face of Burberry* provides an authoritative account of shifting forms of British identity consumer culture and fashion production and highlights the shift over two centuries from an era when garments were made by a single hand through to a digitized and global marketplace
