Addiction Counseling Review Preparing For Comprehensive Certification And Licensing Examinations:

Addiction Counseling Review Robert Holman Coombs, 2004-12-13 *Addiction Counseling Review Preparing for Comprehensive Certification and Licensing Examinations* offers a clear readable overview of the knowledge and skills those training as alcohol or other drug counselors need to pass their final degree program certification and licensing examinations. It is organized into six sections: Addiction Basics, Personality Development and Drugs, Common Client Problems, Counseling Theories and Skills, Treatment Resources, and Career Issues. Each chapter includes challenging study questions that enable readers to assess their own level of understanding, including true/false, multiple choice, and provocative discussion questions. Each chapter also provides a glossary of key terms and, in addition to references, annotated suggestions for further reading and Web site exploration. This book will be a resource to which students and trainees will go on referring to long after it has helped them through their examinations. In addition, faculty and established professionals will find it a useful one-stop summary of current thinking about best practice.

Addiction Counseling Review Robert Holman Coombs, 2004-12-13 This book offers a clear readable comprehensive overview of all the knowledge those training as alcohol and other drug abuse counselors need to pass final examinations in their academic programs and certification or licensing examinations.

Learning the Language of Addiction Counseling Geri Miller, 2014-09-08 FULLY REVISED

COMPREHENSIVE AND PRACTICAL Learning the Language of Addiction Counseling Fourth Edition introduces counselors, social workers, and students to the field of addiction counseling and helps them acquire the knowledge and develop the skills needed to counsel individuals who are caught in the destructive cycle of addiction. Drawing from her years of experience working in the addiction counseling field, Geri Miller provides an engaging, balanced overview of the major theoretical foundations and clinical best practices in the field. Fully updated, the Fourth Edition offers a positive practice-oriented counseling framework and features a research-based clinical application approach to addiction counseling that practitioners can turn to for fundamental practical clinical guidelines. Revised chapters reflect important changes in research and practice, including new DSM-5 criteria, new assessment instruments, and new and expanded treatments. Case studies, interactive exercises, end-of-chapter questions, and other resources facilitate the integration of knowledge into practice. Personal Reflections sections at the beginning of each chapter provide an invaluable, unique perspective on the author's evolving views of addiction counseling. Updated and expanded online Instructor's Manual includes brief video clips, PowerPoint slides, test bank questions for each chapter, and sample syllabi. From assessment and diagnosis of addiction to preparing for certification and licensure as an addiction professional, this comprehensive book covers all of the essentials.

Integrating Play Techniques in Comprehensive School Counseling Programs Jennifer Curry, Laura Fazio-Griffith, 2013-05-01 Play therapy interventions are critical elements of providing responsive services within the context of comprehensive school counseling programs However many school counselors are not trained in the use of play therapy techniques during their graduate training programs as Play Therapy is not a required course based on standards set by the Council for Accreditation of Counseling and Related Education Programs CACREP 2009 Indeed while there are over 400 school counseling programs in the U S there are only 11 certified play therapy training centers Even more critically school counselors may not know which play therapy approaches and interventions are evidenced based for specific childhood concerns e g selective mutism social skills deficits parent deployment Play therapy is a structured theoretically based approach to counseling that builds on the normal communicative and learning processes of children as they may not have developed the complexities of language to accurately express their concerns Carmichael 2006 Gil 1991 Landreth 2002 O Connor yet many school counselors are unprepared to provide these vital resources The focus of this book is on various play techniques and the application of various play therapy theories i e Child Centered Play Therapy Solution Focused Play Therapy Cognitive Behavioral Play Therapy within comprehensive school counseling programs addressing various childhood concerns prevention and intervention Each chapter offers vignettes a literature review of a specific childhood concern e g homelessness separation anxiety pragmatic interventions for the school environment and a case study to demonstrate application of techniques

Parenting and Substance Abuse Nancy E. Suchman, Marjukka Pajulo, Linda C. Mayes, 2013-02-15 Historically there has been little integration of theoretical or applied research on addiction treatment and parenting intervention development Rather the fields of addiction and developmental research have progressed on largely separate trajectories even though their focus powerfully and often tragically intersects each time a parent is diagnosed with a substance use disorder Parenting and Substance Abuse is the first book to report on pioneering efforts to move the treatment of substance abusing parents forward by embracing their roles and experiences as mothers and fathers directly and continually across the course of treatment The chapters in this volume represent important new strides among researchers and clinicians to address and close the increasingly recognizable gap between addiction and developmental science Chapters focus on current state of the art treatment models for parents primarily pregnant and parenting women including descriptions of innovative treatments currently being developed and evaluated that focus on parental addiction and the parent child relationship within a

developmental framework Part I covers the theoretical understandings of how addiction impacts the developmental processes of parenting Part II discusses risk assessment evaluation and a variety of interventions and therapies This unique volume will be of importance to clinicians researchers students and trainees in the health professions who develop implement and evaluate interventions for parental addiction including in well baby clinics primary care settings pediatric clinics and residential and outpatient drug treatment programs

Blatt,Mary Target,2017-05-04 Authoritative and comprehensive this volume provides a contemporary psychodynamic perspective on frequently encountered psychological disorders in adults children and adolescents Leading international authorities review the growing evidence base for psychoanalytic theories and therapeutic models Chapters examine the etiology and psychological mechanisms of each disorder and thoroughly describe effective treatment strategies Highly accessible the book is richly illustrated with clinical case material It demonstrates ways in which psychodynamic theory and therapy are enhanced by integrating ideas and findings from neuroscience social and personality psychology cognitive behavioral therapy and other fields Winner Goethe Award for Psychoanalytic and Psychodynamic Scholarship

From Sin to Disease Jonathan K. Okinaga,2022-09-23 Since Benjamin Rush first introduced the disease of wills as the cause of alcoholism a steady and slow infiltration of the disease model has infected how the church treats those who struggle with addictions The first organization that truly sought to remove the soul care of addicts from the church was Alcoholics Anonymous AA through their bestselling *The Big Book of AA* and the introduction of the 12 Steps AA s influence on how the church confronts addiction still reverberates today with many of the ministries that address addiction firmly rooted in what can be found in AA literature Addictions were once viewed as an issue caused by sin and best addressed through faith and prayer Currently addiction is seen through the lens of disease The ramifications are consequential as more church members are struggling with addictions than ever before Tracing the progression of addiction from sin to disease will reveal that the SBC and its churches have been negligent in understanding the underlying foundations of AA and the influence that the medicalization of substance abuse has had on how churches approach what should be classified as a sin issue

Substance and Behavioral Addictions Steve Sussman,2017-02-06 This book presents the etiology assessment prevention and cessation of eleven focal addictions within an appetitive motivation framework of addiction It is intended for upper level undergraduates and graduate students practitioners and researchers who want an introduction to cutting edge research and practice in the addictions field
