Lippy, 1985      **Religion in America** John Corrigan, Winthrop Hudson, 2015-08-07 This comprehensive narrative account of religion in America from 1607 through the present depicts the religious life of the American people within the context of American society It addresses topics ranging from the European Puritan origins of American religious thought the ramifications of the Great Awakening the effect of nationhood on religious practice and the shifting religious configuration of the late 20th century      **Redeeming the South** Paul Harvey, 2000-11-09 Together and separately black and white Baptists created different but intertwined cultures that profoundly shaped the South Adopting a biracial and bicultural focus Paul Harvey works to redefine southern religious history and by extension southern culture as the product of such interaction the result of whites and blacks having drawn from and influenced each other even while remaining separate and distinct Harvey explores the parallels and divergences of black and white religious institutions as manifested through differences in worship styles sacred music and political agendas He examines the relationship of broad social phenomena like progressivism and modernization to the development of southern religion focusing on the clash between rural southern folk religious expression and models of spirituality drawn from northern Victorian standards In tracing the growth of Baptist churches from small outposts of radically democratic plain folk religion in the mid eighteenth century to conservative and culturally dominant institutions in the twentieth century Harvey explores one of the most impressive evolutions of American religious and cultural history      *America's Religions* Peter W. Williams, 2008 A panoramic introduction to religion in America newly revised and updated      *International Bibliography of the Social Sciences*, 1994 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences      South African national bibliography, 1997 Classified list with author and title index      *The Oxford Handbook of Early Evangelicalism* Jonathan Yeager, 2022 Contexts Churches and movements The culture of evangelicalism Personalities      **The South and the North in American Religion** Samuel S. Hill, 2007-12-01 In this comparative history of religious life in the South and the North Samuel Hill considers the religions of America from a unique angle Tracing the religious history of both areas this study dramatically shows how a common religion was altered by hostilities and then continued to develop as separate entities until recently Coming almost full circle both North and South now find their religions again to be highly similar Two factors Hill believes were major influences in the diversification of the regional religions the presence of Afro Americans as an underclass of people with a distinctive role to play in the development of southern religious life and the presence or absence of a large immigrant population Hill s overall purpose is to answer the questions How did there come to be a South without which there would not have been a North Why is the South the heartland of Evangelical Protestantism and a kind of Bible belt What historical developments dispatched the two regions on distinctive courses religiously and

otherwise How much interaction has there been between the religious institutions of the two regions How similar and divergent have the cultural patterns styles and values been in the South and the North      **Bibliography of Australia** John Alexander Ferguson,1975      **A Selected Bibliography and Syllabus of the History of the South, 1584-1876** William Kenneth Boyd,Robert Preston Brooks,1918
