Framework Sustainable Travel:

Frameworks for Sustainable Development Goals to Manage Economic, Social, and Environmental Shocks and Disasters Popescu, Cristina Raluca Gh.,2022-06-24 In the post COVID 19 era it is essential to adhere to an international framework for sustainable development goals SDGs which requires the management of the economic social and environmental shocks and disasters While many have suffered across the world from the COVID 19 pandemic these SDGs work to ensure healthy lives and promote well being for all ages as well as inclusive and sustainable economic growth Frameworks for Sustainable Development Goals to Manage Economic Social and Environmental Shocks and Disasters provides an updated view of the newest trends novel practices and latest tendencies concerning the benefits advantages opportunities and challenges of building an internationally successful framework for SDGs Covering topics such as business longevity green innovation and vaccination willingness this premier reference source is an excellent resource for government officials business leaders and executives human resource managers economists sociologists students and faculty of higher education librarians researchers and academicians *Greening government* Great Britain: Parliament: House of Commons: Environmental Audit Committee,2009-08-05 This is the Committee s eighth report on the sustainable operations on the Government estate There has been some progress against targets but the Sustainable Development Commission has found that in 2007 08 the Government was not on track to meet its target for the reduction of carbon emissions from its own buildings The Government was on track to meet its targets for recycling and for the sourcing of electricity from renewable sources but it performed less well than it had in 2006 07 It must improve the sustainability of its operations each year The ease with which the Government continues to meet some targets even when its performance worsens indicates the urgent need for the Government to set itself more stringent targets The Government should extend the system of targets and monitoring beyond central government and agencies to the wider public sector including its outsourced operations The Government has the potential to drive change in the wider economy through sustainable procurement through investment in low carbon technologies and by driving the development of green skills in the workforce But the Sustainable Development Commission found that Government performed poorly against its own targets The Government must use its buying power to drive progress towards a greener economy Many of the changes to the governance of Government s sustainable operations have been confusing or ineffective The Government must ensure that there is a clear line of accountability for these matters and the Cabinet Office Minister responsible must take an active role in overseeing performance management **Frameworks for Tourism Research** Douglas G. Pearce,2012-01-01 Frameworks are the foundation of good scholarship They structure organize and communicate research underpin individual studies and shape the field of study as a whole This book introduces students to the concept of frameworks in tourism research and provides a review discussion and critique of frameworks Theoretical conceptual analytical and integrative frameworks are all covered in detail with the features use strengths and

limitations of each from discussed and illustrated using a wide range of examples and applications across the field of tourism studies It is suitable for academe *Funding for Local Transport* Great Britain: National Audit Office,2012-10-25 In this report the National Audit Office identifies issues and risks which may arise as the Department for Transport devolves more control over funding and delivery of transport services to local bodies The Department has recently announced proposals to devolve funding for major transport schemes to new local transport bodies and is also consulting on devolving bus funding and some responsibilities for rail services to local authorities The spending watchdog is calling on the Department to clarify its approach as it implements these changes and moves into the new ways of working This includes being clearer on who is accountable for local transport funding and how they will be held to account The Department has already said it will assess whether local transport bodies have appropriate systems and processes in place But it should clarify how it will check that these devolved arrangements continue to meet its standards and what action it will take if standards are not met In the context of increasing pressure on local budgets the Department should clarify how local transport data can be better used to judge value for money and to compare performance between local areas It also needs to identify areas and activities most at risk of a drop in performance and clarify under what circumstances it would expect to intervene **Green and Blue**
