

A photograph of a narrow dirt path in a forest. The path is flanked by tall, thin trees with bare branches, creating a tunnel-like effect. The ground is covered in dry, brown grass and fallen leaves. At the end of the path, there is a bright, glowing light source, possibly the sun or a fire, which illuminates the path and the surrounding trees. The overall atmosphere is serene and hopeful.

Your word is a lamp to my
feet and a light to my path.

Psalm 119:105

Why I Trust the Bible William D. Mounce, 2021-09-14 A Clear Guide to Help Readers Understand Why They Can Trust the Bible We are often told we can no longer assume that the Bible is trustworthy From social media memes to popular scholarship so many attacks have been launched on the believability of Scripture that many have serious questions about the Bible such as Did Jesus actually live Did the biblical writers invent their message How can we trust the gospels since they were written so long after Jesus lived How can we believe a Bible that is full of internal contradictions with itself and external contradictions with science Aren t the biblical manuscripts we have just copies of copies that are so corrupted they don t represent what the original authors wrote Why should we believe the books that are in the Bible since many good ones were left out like the Gospel of Thomas Why trust the Bible when there are so many contradictory translations of it If you find yourself unable to answer questions such as these but wanting to Why I Trust the Bible by eminent Bible scholar and translator William Mounce is for you These questions and more are discussed and answered in a reasoned definitive and winsome way The truth is that the Bible is better attested and more defensible today than it ever has been Questions about the Bible are perhaps the most significant challenge confronting Christian faith today but they can be answered well and in a way which will lead to a deeper appreciation for the truth and ongoing relevance of the Bible
