Of Sibyls:

A Book of Sibyls Anne Thackeray Ritchie, 1883 *A Book of Sibyls* Anne Isabel Ritchie Thackeray (Richmond Mrs), 1883 **A Masque of Sibyls** Florence Converse, 1910 **A Book of Sibyls - Mrs. Barbauld, Miss Edgeworth, Mrs. Opie, Miss Austen.** Anne Thackeray Ritchie, 2025-08-27 Reprint of the original first published in 1883 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **A Book of Sibyls : Poems** Margherita Guidacci, 1989 *The Sibyl Series of the Fifteenth Century* Robin Raybould, 2016-10-18 Robin Raybould's *The Sibyl Series of the Fifteenth Century* examines the startling and sudden change that occurred in the representation of the sibyls throughout Europe during the early Renaissance Raybould describes how and why during this period the number names attributes and prophecies of these archaic prophetesses were selected and stabilized thus providing new witness to the Christian message in sharp contrast to earlier representations where the sibyls had played a minor role in the history of classical and Christian divination and prophecy The book examines all the fifteenth century instances of these series as well as the manuscripts which describe them identifies the origin of the sibylline prophecies and suggests reasons for the widespread popularity of this new artistic phenomenon *A Treatise of the Sibyls, so highly celebrated, as well by the ancient heathens, as the holy fathers of the Church ...* Englished by J. D. (J. Davies.). David BLONDEL, 1661 "As David and the Sibyls Say" Mariana Monteiro, Alfred White, 1905 **The Sibyl and Her Scribes** Anke Holdenried, 2017-05-15 The Sibylla Tiburtina is a Latin prophecy attributed to a prophetess from classical antiquity It concludes with an account of the End of History involving the coming of the Antichrist and his battle with a Last World Emperor Approximately 100 manuscripts written between the mid 11th and the 16th centuries survive which testify to the Tiburtina's immense popularity in the medieval West as such the Tiburtina is a key text for understanding medieval apocalypticism and occupies an important place in the intellectual history of the Middle Ages However studies of the manuscripts and the history of the text have been largely neglected in comparison with other similar works so little is currently known about who copied and read the prophecy Dr Holdenried's research fills this gap This study is based on an examination of all surviving manuscripts and includes an analysis of the textual material which accompanies the Tiburtina a survey of titles and annotations as well as research on variant texts including several hitherto unknown Modern historiography regards the Tiburtina solely as a vehicle for expressing contemporary political concerns triggered by crises thought to herald the End of the World This book provides a much more varied picture and offers a new approach to the Tiburtina by placing it for the first time in the context of medieval traditions which saw Sibylline prophecy as independent non Christian evidence of Christ's life and as confirmation of His divinity As is shown these traditions had a major impact on the reception of the Tiburtina The book concludes with a repertory of the manuscripts together with brief outlines of individual textual traditions as represented in groups of

manuscripts which will constitute a valuable reference source for other scholars **Creative Negativity** Carol Hanbery MacKay, 2001 Focusing on the early Modern and Victorian periods the author finds covert revolutionaries in four familiar practitioners of a strategy she calls creative negativity poet photographer Julia Margaret Cameron 1815 1879 novelist essayist Anne Thackeray Ritchie 1837 1919 activist spiritual leader Annie Besant 1847 1933 and actress writer Elizabeth Robins 1862 1952
