The Book of Execution Geoffrey Abbott, 1995 *The Book of Execution* Geoff Abbott, 1994 **Handbook of Death and Dying** Clifton D. Bryant, 2003-10 Dying is a social as well as physiological phenomenon Each society characterizes and consequently treats death and dying in its own individual ways ways that differ markedly These particular patterns of death and dying engender modal cultural responses and such institutionalized behavior has familiar economical educational religious and political implications The Handbook of Death and Dying takes stock of the vast literature in the field of thanatology arranging and synthesizing what has been an unwieldy body of knowledge into a concise yet comprehensive reference work This two volume handbook will provide direction and momentum to the study of death related behavior for many years to come Key Features More than 100 contributors representing authoritative expertise in a diverse array of disciplines Anthropology Family Studies History Law Medicine Mortuary Science Philosophy Psychology Social work Sociology Theology A distinguished editorial board of leading scholars and researchers in the field More than 100 definitive essays covering almost every dimension of death related behavior Comprehensive and inclusive exploring concepts and social patterns within the larger topical concern Journal article length essays that address topics with appropriate detail Multidisciplinary and cross cultural coverage **Public Executions** Nigel Cawthorne, 2006-09-28 The sentence of this court is that you be taken from this place to whence you came and from there to a place of lawful execution there to be hanged by the neck till you be dead and may the Lord have mercy on your soul Extract from judicial death sentence England c 16th 20th century Societies throughout history have adopted many and varied methods of meting out the ultimate sanction of capital punishment to their more unruly members Although a number of countries across the globe still execute their own citizens on occasion in public the modern world in general views execution with distaste and public execution doubly so Public Executions documents the phenomenon of state sanctioned killing from the ancient world to modern times and in doing so shows that although we regard the ancient practices with horror they would have been equally bemused by our modern scruples and would have regarded execution behind closed doors as little short of murder Public Executions is a gruesomely enthralling account of public executions down through the ages and from around the world Execution Geoffrey Abbott, 2006-04-04 In his own darkly humorous style Geoffrey Abbott describes the instruments used and their effectiveness and reveals the macabre origins of familiar phrases such as gone west or drawn a blank as well as the jargon of the underworld He covers everything from the preparation of the victim to the disposal of the body Execution is everything you ever wanted to know about the ultimate penalty and a lot you never thought to ask It includes such hair raising categories as Cave of Roses A rare Swedish method of execution in which the victim was confined to a cave full of snakes and poisonous reptiles Bastinado Involved the victim being caned gently and rhythmically with a lightweight stick on the soles of the feet until the mental collapse and eventual death of the victim Sewn in an Animal s Belly A living person is sewn into the belly of

an animal and left to die **The Spanish Donkey** This method of torture consisted of seating a victim on top of a wall that resembled an inverted v with weights attached to the ankles the weights slowly increased until the victim's body split in two

Iron Chair The victim is tied to an iron armchair and pushed nearer and nearer to a blazing fire

Sawn in Half Victims are secured in a standing position pinned between two wide boards fixed between a stake driven deep into the ground while two executioners one on each side would wield a long two handled saw downwards through the boards

Execution is a unique fascinating look at the grim and gritty history of sanctioned death

The Death Penalty James J. Megivern, 1997 A comprehensive history of the death penalty in the West that provides more material on capital punishment in Western Christian history than is available in any other work in English

Capital Punishment Michael Kronenwetter, 2001-12-07 This revised edition of a perennial bestseller with more than 50 percent new material is a much needed overview of a hotly debated topic

Capital Punishment focuses on the use of the death penalty in the United States its international status and how foreign developments affect the country It includes a history a discussion of the controversies surrounding the death penalty updated biographical sketches and statistics Key documents include the U S Supreme Court decision affirming capital punishment a key dissent Charles Dickens 19th century view of the guillotine and various papal and European Union decrees It also includes a chronology organizations websites with further information and an annotated bibliography In this updated survey a thorough overview of capital punishment author Michael Kronenwetter reveals interesting facts for example under Roman law death was the penalty for publishing insulting songs and disturbing the city's peace

The Deceptive Brain , Savage Pastimes Harold Schechter, 2005-03 In this cogent and well researched book Harold Schechter argues that unlike the popular conception of the media inciting violence through displaying it without these outlets of violence in the media a basic human need would not be met and would have to be acted out in much more destructive ways Schechter demonstrates how violent images saturated the earliest newspaper how art and disturbing images are not incompatible and how the demoralisation of comic books in the 1950s set up a pattern of equating testosterone fuelled entertainment with aggression

Hanging Captain Gordon Ron Soodalter, 2010-05-11 On a frosty day in February 1862 hundreds gathered to watch the execution of Nathaniel Gordon Two years earlier Gordon had taken Africans in chains from the Congo a hanging offense for more than forty years that no one had ever enforced But with the country embroiled in a civil war and Abraham Lincoln at the helm a sea change was taking place Gordon in the wrong place at the wrong time got caught up in the wave For the first time **Hanging Captain Gordon** chronicles the trial and execution of the only man in history to face conviction for slave trading exploring the many compelling issues and circumstances that led to one man paying the price for a crime committed by many Filled with sharply drawn characters Soodalter's vivid account sheds light on one of the more shameful aspects of our history and provides a link to similar crimes against humanity still practiced today
