Washington, 2013-02-18 Here in one omnibus edition are Booker T Washington's most important books Washington was constantly and often bitterly criticized by his contemporaries for being too conciliatory to whites and not concerned enough about civil rights It would not be until after his death that the world would find out that he had indeed worked a great deal for civil rights anonymously behind the scenes *Up from Slavery* is one of the most influential biographies ever written On one level it is the life story of Booker T Washington and his rise from slavery to accomplished educator and activist On another level it is the story of how an entire race strove to better itself Washington makes it clear just how far race relations in America have come and to some extent just how much further they have to go Written with wit and clarity In *My Larger Education* Booker T Washington explains how he came by his positions on race relations by describing the people who influenced him during the founding of Tuskegee Normal and Industrial Institute of Alabama In *Character Building* are thirty seven addresses that Booker T Washington gave before students faculty and guests at the Tuskegee Institute These addresses take the form of timeless advice on a number of subjects Very motivational and uplifting Here are six historic essays on the state of race relations during the Reconstruction and early twentieth century written from the African American point of view Included are *Industrial Education for the Negro* by Booker T Washington *The Talented Tenth* by W E Burghardt DuBois *The Disfranchisement of the Negro* by Charles W Chesnutt *The Negro and the Law* by Wilford H Smith *The Characteristics of the Negro People* by H T Kealing and *Representative American Negroes* by Paul Laurence Dunbar *Up from Slavery: the Autobiography of Booker T.
