Across The Mutual Landscape:

Across the Mutual Landscape Christopher Gilbert, 1984 To Float in the Space Between Terrance Hayes, 2023-03-07
Hayes leaves resonance cleaving the air NPR In these works based on his Bagley Wright lectures on the poet Etheridge Knight Terrance Hayes offers not quite a biography but a compilation as speculative motley and adrift as Knight himself Personal yet investigative poetic yet scholarly this multi genre collection of writings and drawings enacts one poet s search for another and in doing so constellates a powerful vision of black literature and art in America The future Etheridge Knight biographer will simultaneously write an autobiography Fathers who go missing and fathers who are distant will become the bones of the stories There will be a fable about a giant who grew too tall to be kissed by his father My father must have kissed me when I was boy I can t really say By the time I was eleven or even ten years old I was as tall as him I was six inches taller than him by the time I was fifteen My biography about Knight would be about intimacy heartache Terrance Hayes is the author of *How to Be Drawn* which received a 2016 NAACP Image Award for Poetry Lighthouse which won the 2010 National Book Award for poetry and three other award winning poetry collections He is the poetry editor at the New York Times Magazine and also teaches at the University of Pittsburgh American Sonnets for My Past and Future Assassin will also be forthcoming in 2018 Turning into Dwelling Christopher Gilbert, 2015-07-07 A milestone publication of the late Christopher Gilbert s poetry with an introduction by the National Book Award winner Terrance Hayes Lord the anguish of my Black block rises up in me like a grief My only chance to go beyond being breach to resist being quelled as a bit of inner city entropy is to speak up for the public which has birthed me To build this language house To make this case Create This loving which lives outside time Lord this is time from Turning into Dwelling Christopher Gilbert s award winning *Across the Mutual Landscape* has become an underground classic of contemporary American poetry Now reissued and presented with Gilbert s never before published last manuscript written before his death in 2007 Turning into Dwelling offers new readers the original music and vision of one of our most inventive poets *The Rinehart Frames* Cheswayo Mphanza, 2021-03 2021 National Book Critics Circle Award Finalist 2021 Foreword Indies Finalist Winner of the Sillerman First Book Prize for African Poetry The poems in *The Rinehart Frames* seek to exhaust the labyrinths of ekphrasis By juxtaposing the character of Rinehart from Ralph Ellison s *Invisible Man* with the film *24 Frames* by Abbas Kiarostami the poems leap into secondary histories spaces and languages that encompass a collective yet varied consciousness of being Cheswayo Mphanza s collection questions the boundaries of diaspora and narrative through a tethering of voices and forms that infringe on monolithic categorizations of Blackness and what can be intersected with it The poems continue the conversations of the infinite possibilities of the imagination to dabble in with and out of history **Best Barbarian** Roger Reeves, 2022-03-22 Winner of the 2023 Griffin Poetry Prize Winner of the 2023 Kingsley Tufts Poetry Award Finalist for the 2022 National Book Award for Poetry the PEN Voelcker Award for Poetry Collection and the NAACP Image Award for Outstanding Literary Work Poetry A

Survey Practices and Landscape Photography Across the Globe Sophie Junge,Erin Hyde Nolan,2022-12-05 This edited volume considers the many ways in which landscape seen and unseen is fundamental to placemaking colonial settlement and identity formation Collectively the book s authors map a constellation of interlocking photographic histories and survey practices decentering Europe as the origin of camera based surveillance The volume charts a conversation across continents connecting Europe Africa the Arab World Asia and the Americas It does not segregate places histories and traditions but rather puts them in dialogue with one another establishing solidarity across ever shifting national linguistic racial religious and ethnic Refusing the neat organization of survey photographs into national or imperial narratives these essays celebrate the messy cross cultural reverberations of landscape over the past 170 years Considering the visual social and historical networks in which these images circulate this anthology connects the many entangled and political histories of photography in order to reframe survey practices and the multidimensionality of landscape as an international phenomenon This book will be of interest to scholars in art history history of photography and landscape history **Men of Our Time** Fred Moramarco,Al Zolynas,1992-10-01 In this groundbreaking volume Fred Moramarco and Al Zolynas bring together a comprehensive and widely representative selection of poetry reflecting both the diversity and commodity of male experience

in the United States today Since the beginning of the contemporary phase of the women s movement in the 1960s various anthologies devoted to the poetry of women have articulated and defined a distinctive sensibility attuned to the particularities of a woman s life in our time Although much has been written recently about the male role in our society as well the discussion generally has assumed a sociopsychological or mythic perspective Poetry Moramarco and Zolynas believe can reveal most about the nature of male life today especially the enormous changes men have experienced in recent years As the editors state in their introduction A quiet revolution has been taking place in men s poetry over the past few decades as men have been chronicling the history of their hearts and have been examining those relationships central to their being in the world their connections to their fathers and mothers their own sense of fatherhood and of being sons and brothers their marriages divorces and other aspects of their love lives as well as the ways they conceive of maleness and femaleness The poems collected in *Men of Our Time* 257 from more than 170 poets include a wide mix of ethnic and racial perspectives that reflect the multicultural tenor of American life They reveal men s most intimate feelings about the loss of childhood sexual anxieties and fantasies aging self sufficiency and dependency and the perennial quest for a masculine identity Above all the poems are unapologetically grounded in a distinctly male experience or imagination *Men of Our Time* reclaims a poetry that is connected to and expressive of men s lives in the closing decade of the twentieth century
