Acting Imaging And The Unconscious:

Acting, Imaging, and the Unconscious Eric Morris, 2011-05-06 Acting Imaging and the Unconscious is the fifth in a series of books written by Eric Morris on his unique system of acting. In this book the emphasis is on imaging as an acting tool to fulfill dramatic material. The work begins with an exploration of the various uses of imaging and goes on to delineate very specific techniques and approaches on how to image when to image and why. Involved in this process are dreams and dreaming as well as subpersonalities which all serve to access and communicate with the unconscious where ninety five per cent of an actor's talent lives. Also explored is a process of programming the unconscious to liberate the images that lie at the core of an actor's experience and talent thus releasing the exciting wellsprings of creativity in the roles an actor plays. With complete examples taken from classical and contemporary plays and films this book enters territories that had never before been tread upon thus taking the art of acting into a totally new dimension.

Freeing the Actor Eric Morris, 2011-07-29 Freeing the Actor is the seventh in a series of books by Eric Morris which explain and describe his unique system of acting. His previous books are among the most popular texts used by students and professional actors alike. In this book which is totally aimed at the instrument Eric has implemented a complete approach to eliminating the obstacles dependencies traps and habits that plague and block actors from functioning from an authentic organic place. Historically most acting coaches and teachers have failed to adequately address the instrumental problems that cripple actors. By teaching them how not to act Eric has influenced scores of people to become experiential actors. His teaching has led them to understand that they must experience in reality what the character is experiencing in the material. In order to accomplish that they must be instrumentally free to connect with and express their authentic emotional realities. Liberating the instrument allows them to access all the colors of their emotional rainbow.

The Actor's Other Selves Eric Morris, 2021-01-01 texts that document the Eric Morris system of experiential acting. This book is about SUBPERSONALITIES what subpersonalities are how they impact our lives and how we use them. It is exclusively written for actors. The journey of exploration starts with the origins and beginnings. Excerpts from books by Carl G Jung a Swiss psychologist who explored archetypes are followed by the use and description of behavioral examples of personalities. The theory is then examined who are the selves how were they created and how do they function. The exploration continues with a technique that I created many years ago THE ELEVENTH LEVEL OF CONSCIOUSNESS which is totally explained. Then comes EXPERIENCE HUNTING CHOICE HUNTING detailing the various approaches used to find experiences and choices that can be used in one's acting. In the next section of the book which is a very large section I detail specifically the approach techniques for accessing subpersonalities which are VOICE DIALOGUE a complete example of the process is given. WRITING IN JOURNAL FORM OR USING A TAPE RECORDER USING MOVEMENT AND DANCE USING ART AND DRAWING USING CHOICES USING MUSIC AND ROLEPLAYING. All of those techniques and the approaches to them are explained in specific detail. In EXTERNALS I describe what that approach is and

how to use it to access various subpersonalities Externals is a megapproach and an important part of my work A megapproach is such a powerful technique that it could be used as a total acting system Externals is a process that includes getting a sense of animals people insects and inanimate objects and then translating that energy into human behavior This technique is very impacting on eliciting various subpersonalities The last of this group is IMAGING also a megapproach The next section explains HOW YOU KNOW WHEN YOU ARE INHABITED BY A SUBPERSONALITY The actor must be able to distinguish between really inhabiting the energy of a subpart and faking it The DAILY SUBPERSONALITY INVENTORY is an exercise the actor should do on a daily basis to be able to identify the difference between a mood swing and a subpersonality The section on RESEARCHING THE CHARACTER explains how to identify the different character elements and find a subpersonality to fulfill those components All of that is followed by a section about going back to historical events such as the Second World War or the post war years and exploring characters in plays and films o

A Second Chance at Life Eric Morris, 2018-10-16 This is Eric Morris's ninth book However unlike the others this one is not about acting or just for actors This book is for everyone Eric's other books are based on a system that he expanded and modified as he innovated techniques and approaches to free people from obstacles and emotional blocks that cripple their ability to experience and express their emotions freely An actor himself and a teacher of acting for almost sixty years Eric Morris has created hundreds of exercises and techniques that eliminate the years of damage that we in our society have become victims of Because of his unique approach to the teaching of actors his process has evolved into an incredible set of tools that miraculously work to free all people from the damaging experiences that have accumulated in their lives The focus in this book is on finding those damaging experiences and by using the specific approaches that Eric has created repairing the damage so as to enjoy a life of happiness and success

Fantastic Laurence Leamer,2024-03-26 The life of Arnold Schwarzenegger is one of the most remarkable success stories in the U S Here is a young man from an Austrian village who became the greatest bodybuilder in history a behemoth who even today in retirement is the dominating figure in the sport Here is an immigrant with a heavy accent and a four syllable last name who marries a Kennedy princess and becomes the number one movie star in the world an icon known and celebrated everywhere Here is a political novice with no administrative experience who becomes governor of California in one of the most unusual and controversial elections in American history and confounds his critics by proving an effective popular leader In *Fantastic* Leamer shows how and why this man of willful ambition and limitless drive achieved his unprecedented accomplishments As the author of a celebrated trilogy on the Kennedy family Leamer has access to a unique array of sources Leamer traveled with candidate Schwarzenegger during the gubernatorial campaign He has interviewed Governor Schwarzenegger and his wife Maria Shriver and their closest friends and associates most of whom had never talked to an author before The result is a startlingly intimate book the pages studded with news making revelations This book of passionate intensity captures a Schwarzenegger unlike any other public figure of our time a unique political cultural figure his time in Sacramento only a way station on a journey where no one has traveled before The book captures the personal Schwarzenegger too and the story of his single days marriage and family life No one who reads this book will ever see Schwarzenegger in the same way again

Philosophy of the Unconscious: Metaphysics of the unconscious Eduard von Hartmann,1893 V 1 The class of books to which the *Philosophy of the Unconscious* belongs is all but unrepresented in our literature but the absence of similar home productions can no longer be held to imply either an inability to comprehend their scope or an indifference to their results To what shall we attribute the welcome accorded of late to certain reproductions and elucidations of the master works of modern Transcendentalism if not to the awakening of a long repressed desire to re examine the foundations of a spiritual fabric for whose stability an instinctive confidence alone made answer To many two attitudes of mind have become insupportable that of total unconcern about fundamental truth and that of unthinking acquiescence in the admission of merely juxtaposed and uncommunicating spheres of positive knowledge and impenetrable nescience
