Acting In The Space Between:

Acting in the Space Between John W. Kirk, 2004-09-01 Psychophysical Acting Phillip B. Zarrilli, 2012-10-12

Psychophysical Acting is a direct and vital address to the demands of contemporary theatre on today's actor. Drawing on over thirty years of intercultural experience, Phillip Zarrilli aims to equip actors with practical and conceptual tools with which to approach their work. Areas of focus include an historical overview of a psychophysical approach to acting from Stanislavski to the present, acting as an energetics of performance applied to a wide range of playwrights (Samuel Beckett, Martin Crimp, Sarah Kane, Kaite O'Reilly and Ota Shogo), a system of training through yoga and Asian martial arts that heightens sensory awareness, dynamic energy and in which body and mind become one, practical application of training principles to improvisation exercises. Psychophysical Acting is accompanied by Peter Hulton's downloadable resources featuring exercises, production documentation, interviews and reflection.

Patent Office, 1907 *Acting Action* Hugh O'Gorman, 2021-06-07 What is it that we're doing when we're acting well? This is the question famously posed by Earle Gister, the legendary head of the acting department at Yale School of Drama from 1979 to 1999. In *Acting Action*, actor, director and teaching artist Hugh O'Gorman invites readers to explore the question in detail. Focusing on playing action, one of the essential components of acting passed on to renowned acting teachers Earle Gister and Lloyd Richards by Paul Mann, *Acting Action* is divided into two parts: context and practice. The first section provides a thorough examination of the theory behind the core elements of playing action. The second section presents a step-by-step rehearsal guide for actors to integrate playing action into their preparation process. *Acting Action* offers a foundation for how to get started and build the core of a performance. More precisely, it provides a practical guide for actors, directors and teachers in the technique of playing action, addressing a void in the world of actor training by illuminating what exactly to do in the moment-to-moment act of acting.
