Jaqueline Ogega

Activist Faith Grassroots Women In Democratic Brazil And Chile:

Activist Faith Carol Ann Drogus, Hannah Stewart-Gambino, 2006-12-15 An extensive and powerful literature on religion society and politics in Latin America in recent years has begun with the assumption that most of the movements that surged in the struggle against military rule are dead that most of the activists are scattered and burned out and that the promise of civil society as a source of new values and a new kind of citizenship and political life was illusory Many have assumed that the religiously inspired activism of that period left little lasting impact but hardly anyone has actually looked at the activists themselves to see what remains how they cope in a different more open environment and how they see and act on the present and future Activist Faith addresses these issues with a wealth of empirical detail from two key cases and with a richly interdisciplinary argument that draws on theorizing about social movements The authors strive to understand what sustains activism and movements in radically different circumstances from those in which they arose Their analysis is enriched by systematic attention to the impact of gender and gender related issues on activism and movements In the process they shed much needed light on the fate of the activists and social movements that rose to prominence throughout Latin America during the 1980s This beautifully written book is a major achievement that gives us analytical tools for studying how movements and activists survive in the doldrums and when a cycle of protest peaks and societies move on Daniel H Levine University of Michigan

Activist Faith Carol Ann Drogus, Hannah Stewart-Gambino, 2009-03-02 An extensive and powerful literature on religion society and politics in Latin America in recent years has begun with the assumption that most of the movements that surged in the struggle against military rule are dead that most of the activists are scattered and burned out and that the promise of civil society as a source of new values and a new kind of citizenship and political life was illusory Many have assumed that the religiously inspired activism of that period left little lasting impact but hardly anyone has actually looked at the activists themselves to see what remains how they cope in a different more open environment and how they see and act on the present and future Activist Faith addresses these issues with a wealth of empirical detail from two key cases and with a richly interdisciplinary argument that draws on theorizing about social movements The authors strive to understand what sustains activism and movements in radically different circumstances from those in which they arose Their analysis is enriched by systematic attention to the impact of gender and gender related issues on activism and movements In the process they shed much needed light on the fate of the activists and social movements that rose to prominence throughout Latin America during the 1980s This beautifully written book is a major achievement that gives us analytical tools for studying how movements and activists survive in the doldrums and when a cycle of protest peaks and societies move on Daniel H Levine University of Michigan

Lived Religion, Pentecostalism, and Social Activism in Authoritarian Chile Joseph Florez, 2021-05-25 In Giving Life to the Faith Joseph Florez explores Pentecostal social engagement as it was folded into the extraordinary circumstances of everyday life during the Chilean military dictatorship

1973 1990 Florez traces Pentecostal activism commonly portrayed as politically aloof or inert through the life stories of the believers themselves and uncovers the logics of survival resistance and belief that sustained their work in the face of ubiquitous state repression Using archival materials and Pentecostal oral histories Florez brings Pentecostals religious innovations and improvisations to the forefront of discussion and challenges observers of Latin American Pentecostalism to reconsider normative interpretations of the world s fastest growing religious movement

The Oxford Handbook of Latin American Christianity David Thomas Orique, Susan Fitzpatrick-Behrens, Virginia Garrard, 2020-01-10 By 2025 Latin America s population of observant Christians will be the largest in the world Nonetheless studies examining the exponential growth of global Christianity tend to overlook this region focusing instead on Africa and Asia Research on Christianity in Latin America provides a core point of departure for understanding the growth and development of Christianity in the Global South In *The Oxford Handbook of Latin American Christianity* an interdisciplinary contingent of scholars examines Latin American Christianity in all of its manifestations from the colonial to the contemporary period The essays here provide an accessible background to understanding Christianity in Latin America Spanning the era from indigenous and African descendant people s conversion to and transformation of Catholicism during the colonial period through the advent of Liberation Theology in the 1960s and conversion to Pentecostalism and Charismatic Catholicism *The Oxford Handbook of Latin American Christianity* is the most complete introduction to the history and trajectory of this important area of modern Christianity

Women, Religion, and Peace-Building Jaqueline Ogega, 2022-03-23 This book explores the peacebuilding ideas and experiences of Maasai and Gusii women of faith in Kenya Women of faith across the world have long demonstrated their leadership in peacebuilding They have achieved this despite their underrepresentation in formal peacebuilding systems and the persistent lack of consideration for their critical contributions and in the face of insecurity and violence against their very bodies Their efforts include daily practices of sharing resources building social cohesion promoting human relations and interlinking psychological social political and spiritual encounters This book provides a gender responsive peacebuilding framework that leverages the intersectionality of women s diverse identities and roles as they navigate both secular and religious spaces for peace The book will appeal to researchers and teachers as well as practitioners and activists

The Cambridge History of Religions in Latin America Virginia Garrard-Burnett, Paul Freston, Stephen C. Dove, 2016-04-11 *The Cambridge History of Religions in Latin America* covers religious history in Latin America from pre Conquest times until the present This publication is important first because of the historical and contemporary centrality of religion in the life of Latin America second for the rapid process of religious change which the region is undergoing and third for the region s religious distinctiveness in global comparative terms which contributes to its importance for debates over religion globalization and modernity Reflecting recent currents of scholarship this volume addresses the breadth of Latin American religion including religions of the African diaspora indigenous spiritual expressions non Christian traditions new religious

movements alternative spiritualities and secularizing tendencies

Handbook of Social Movements across Latin

America Paul Almeida, Allen Cordero Ulate, 2015-07-14 This handbook covers social movement activities in Latin American countries that have had profound consequences on the political culture of the region. It examines the developments of the past twenty years such as a renewed upswing in popular mobilization, the ending of violent conflicts and military governments, new struggles and a relatively more democratic climate. It shows that from southern Chiapas to Argentina, social movements in the 1990s and especially in the 2000s have reached new heights of popular participation. There is a lack of research on the politics of this region in the contemporary era of globalization; this volume partially fills the void and offers a rich resource to students, scholars and the general public in terms of understanding the politics of mass mobilization in the early twenty-first century. The contributors each address social movement activity in their own nation and together they present a multidisciplinary perspective on the topic. Each chapter uses a case study design to bring out the most prominent attributes of the particular social struggle: for instance, the main protagonists in the campaigns, the grievances of the population and the outcomes of the struggles. This Handbook is divided into seven substantive themes providing overall coherence to a broad range of social conflicts across countries, issues and social groups. These themes include: 1. theory of Latin American social movements; 2. neoliberalism; 3. indigenous struggles; 4. women's movements; 5. movements and the State; 6. environmental movements; and 7. transnational mobilizations.

Encyclopedia of Women in Today's World Mary Zeiss

Stange, Carol K. Oyster, Jane E. Sloan, 2011-02-23 This work includes 1000 entries covering the spectrum of defining women in the contemporary world.

Surviving Dictatorship Jacqueline Adams, 2012 Written as a book for undergraduate students as well as scholars, *Surviving Dictatorship* is a work of visual sociology and oral history and a case study that communicates the lived experience of poverty, repression and resistance in an authoritarian society: Pinochet's Chile. It focuses on shantytown women, examining how they join groups to cope with exacerbated impoverishment and targeted repression and how this leads them into very varied forms of resistance aimed at self-protection, community building and mounting an offensive. Drawing on a visual database of shantytown photographs, art, posters, flyers and bulletins, as well as on interviews, photo-elicitation and archival research, the book is an example of how multiple methods might be successfully employed to examine dictatorship from the perspective of some of the least powerful members of society. It is ideal for courses in social inequalities, poverty, race, class, gender, political sociology, global studies, urban studies, women's studies, human rights, oral history and qualitative methods.

Brazilian Evangelicalism in the Twenty-First Century Eric Miller, Ronald J.

Morgan, 2019-05-09 Over the past fifty years, Brazil's evangelical community has increased from five to twenty-five percent of the population. This volume's authors use statistical overview, historical narrative, personal anecdote, social scientific analysis and theological inquiry to map out this emerging landscape. The book's thematic center pivots on the question of how Brazilian evangelicals are exerting their presence and effecting change in the public life of the nation. Rather than fixing its

focus on the interior life of Brazilian evangelicals and their congregations the book's attention is directed toward social expression the ways in which Brazilian evangelicals are present and active in the common life of the nation

Thank you definitely much for downloading **Activist Faith Grassroots Women In Democratic Brazil And Chile**.
