Abstract- This study is conducted to explore the artistic values of William Shakespeare's most well-known play: *Romeo and Juliet* and for indicating all the possible sides of the play including characters, setting, plot summary, historical background, themes and other literary figures' perspectives about the play critically. *Romeo and Juliet* has been praised as one of the interesting plays of William Shakespeare not only in English Literature, but worldwide. All the elements of a play has been used scholarly by William Shakespeare. As Connolly (2000) mentioned that "Shakespeare wrote *Romeo and Juliet* early in his career, between 1594-1595, around the same time as the comedies *Love's Labour's Lost* and *A Midsummer Night's Dream*. Scholars often group these plays together because they explore the themes of love, courtship, and marriage."

On the other hand, Morris (1985) stated that "Now Shakespeare wrote a new kind of tragedy. It was not about one 'hero' but about two young lovers, the heroine quite as important as the hero; their troubles led to their deaths, and this did not disrupt, but healed, a disordered society. It was fashionable to write 'revenge' plays, but as the critic Professor Levin has pointed out, *Romeo and Juliet* is an 'anti-revenge' play."

The love and hate both go similarly in the play of *Romeo and Juliet*. It means that in the same time, it gives the feelings of sadness and happiness to the audience and readers of it.

Index Terms- *Romeo and Juliet*, historical background, characters, plot summary, theme

I. INTRODUCTION

Literature is the art of expressing emotions and feelings as the way they are. Literary figures usually express these through some of the genres in the field (literature) as mainly: *fiction*, *non-fiction* and *play*. These genres include various types of its subtypes as well. Plays *were/are/will be* being performed on the stages in theatres for the audience to convey the main message (that is called theme in literature) about the way of life being drawn by playwright or it is directly related to the writer's emotions regarding to a particular individual and social effect hidden behind the theme of a play.

Shakespeare's artistic works, poetry and plays, have been known as the famous ones of him with having highest artistic qualities in the field of literature and among others: *Romeo and Juliet* is known as William Shakespeare's famous play worldwide. Connolly (2000) declared about the first performance of it as "the first performance of *Romeo and Juliet*
