

CLINCH KNOT

STEP 1

Hold the hook in your left hand and pass the tippet through the eye of the hook and double the tag end back so it lays parallel to the standing line. Use your left forefinger to keep an open loop just in front of the hook eye and hold the standing line in your right hand.

STEP 2

Use the thumb and forefinger on your right hand to wind the tag end around the standing line 4-5 times.

STEP 3

Once the tag is twisted around the standing portion, remove your forefinger from the hook eye taking care to keep an open loop. Pass the tag end of the tippet through the open loop in front of the hook eye.

STEP 4

Snug the knot by pulling softly on the tag end until the wraps come together but do not tighten it all the way. Release the tag, wet the knot, and pull from the standing portion of the leader to allow the knot to fully tighten. Trim the tag close to the hook eye.
