Bastard Son Of A Da:

, **The Visitations of the County of Devon** John Lambrick Vivian, 1895 Lourenço da Silva Mendonça and the Black Atlantic Abolitionist Movement in the Seventeenth Century José Lingna Nafafé, 2022-08-25 This groundbreaking study tells the story of the highly organised international legal court case for the abolition of slavery spearheaded by Prince Lourenço da Silva Mendonça in the seventeenth century The case presented before the Vatican called for the freedom of all enslaved people and other oppressed groups This included New Christians Jews converted to Christianity and Indigenous Americans in the Atlantic World and Black Christians from confraternities in Angola Brazil Portugal and Spain Abolition debate is generally believed to have been dominated by white Europeans in the eighteenth century By centring African agency Jos Lingna Nafaf offers a new perspective on the abolition movement showing for the first time how the legal debate was begun not by Europeans but by Africans In the first book of its kind Lingna Nafaf underscores the exceptionally complex nature of the African liberation struggle and demystifies the common knowledge and accepted wisdom surrounding African slavery *A new dictionary of the Portuguese and English languages* Henriette Michaelis, 1893 Calendar of Letters, Despatches, and State Papers Relating to the Negotiations Between England and Spain Preserved in the Archives at Simancas and Elsewhere: Henry VIII. 1509-[1546] 12 v Great Britain. Public Record Office, 1877 *A New Dictionary of the Portuguese and English Languages: Portuguese-English* Henriette Michaelis, 1905 *Catherine de' Medici* R J Knecht, 2014-07-16 Catherine de Medici 1519-89 was the wife of one king of France and the mother of three more the last sorry representatives of the Valois who had ruled France since 1328 She herself is of preeminent importance to French history and one of the most controversial of all historical figures Despised until she was powerful enough to be hated she was in her own lifetime and since the subject of a Black Legend that has made her a favourite subject of historical novelists most notably Alexandre Dumas whose *Reine Margot* has recently had new currency on film Yet there is no recent biography of her in English This new study by a leading scholar of Renaissance France is a major event Catherine a neglected and insignificant member of the Florentine Medici entered French history in 1533 when she married the son of Francis I for short lived political reasons her uncle was pope Clement VII who died the following year Now of no diplomatic value Catherine was treated with contempt at the French court even after her husband's accession as Henry II in 1547 Even so she gave him ten children before he was killed in a tournament in 1559 She was left with three young boys who succeeded to the throne as Francis II 1559-60 Charles IX 1560-74 and Henry III 1574-89 As regent and queen mother a woman and with no natural power base of her own she faced impossible odds France was accelerating into chaos with political faction at court and religious conflict throughout the land As the country disintegrated Catherine's overriding concern was for the interests of her children She was tireless in her efforts to protect her sons inheritance and to settle her daughters in advantageous marriages But France needed more Catherine herself was both peace loving and in an age of frenzied religious hatred unbigoted She tried to use the Huguenots

to counterbalance the growing power of the ultra Catholic Guises but extremism on all sides frustrated her She was drawn into the violence Her name is ineradicably associated with its culmination the Massacre of St Bartholomew 24 August 1572 when thousands of Huguenots were slaughtered in Paris and elsewhere To this day no one knows for certain whether Catherine instigated the massacre or not but here Robert Knecht explores the probabilities in a notably level headed fashion His book is a gripping narrative in its own right It offers both a lucid exposition of immensely complex events with their profound impact on the future of France and also a convincing portrait of its enigmatic central character In going behind the familiar Black Legend Professor Knecht does not make the mistake of whitewashing Catherine but he shows how intractable was her world and how shifty or intransigent the people with whom she had to deal For all her flaws she emerges as a more sympathetic and in her pragmatism more modern figure than most of her leading contemporaries *Flipping Rich Bastards* Julie G. Murphy, 2019-07-10 Lady Eleanor Albright has left her brothel loving girl seducing entitlement inflated husband with whom she can't believe she ever had sex and is again living with her Irish mother Lady Adele Albright With her daughter's marital woes unacceptable Lady Adele schemes to end Eleanor's problems one of which is her daughter's attachment to a man seven years her junior a barrister Lord Henry Faraday To add insult to injury Henry has included Eleanor as an expert chemist and purveyor of women's creams in the death of the sanctimonious Baron of Tweedmouth To help her friend the cherubic Baron's son Eleanor must defy family society even the man she loves Louis may well have cracked under the pressure of his harsh bullying father **The History and Antiquities of the County of Leicester** John Nichols, 1810

The Making of a Court Society Rita Costa Gomes, 2003-04-10 This 2003 book is an important full length study of the Portuguese royal court in the fourteenth and fifteenth centuries It describes the fundamental importance of the court in defining the social position of kings and shows how kings and nobles redefined one another despite many celebrated political rivalries within the broader Iberian context The book contains a detailed comparative analysis of the way royal courts were organized and of the status professional and gender groups inside the Portuguese court The characteristics of the court society as a whole however were rooted mostly in the dynamics of hierarchy and interdependence in the specific ways the different parts and the individuals were bonded to each other These bonds are discussed in light of later medieval concepts and theories The book also describes the constant displacement of this complex community within Portugal and how life at court was shaped by ceremonial duties and common activities
