Almost A Champion:

The Champion's Code Dante Gebel, 2011-06-07 These words borrowed from the well known medical doctor Parch Adams demonstrate the revolutionary spirit of this book Dante Gebel is known throughout much of the Hispanic world as an excellent speaker who is able to immerse his audience in the most fascinating stories and guide them through emotional labyrinths ranging from laughter to tears This book is in essence a labor of passion dedicated to those who are suffering from holy discontent or as the author himself would say those who have a double dose of spiritual ambition This unique book has already been part of the history of those who desire to make a significant impact on this planet In summary *The Champion's Code* is written for people who are unique decisive and radical *Almost True Christmas Stories* Ron Corcoran, 2013-07-15 From the creative and well seasoned imagination of author Ron Corcoran comes the second volume in the *Almost True Christmas Stories* series If you like colorful characters in fun filled stories that are close to true mostly but not quite true or darned near totally This second Volume is another collection of memorable holiday season adventures that inform enlighten and entertain young and young at heart readers about what life was once like a hundred and forty years ago and what life could be like in the animal kingdom today The author a fun guy himself intends his tales to challenge the imaginations of his readers with seemingly simple scenarios some true that lead to more challenging and engaging situations replete with unexpected complications For example learn what it was in the mid 1800s that made lumberjacks pants want to get up and dance Or whats the easiest way to make lunch out of an anthill What Might Have Been Neal J. Roese, James M. Olson, 2014-01-14 Within a few short years research on counterfactual thinking has mushroomed establishing itself as one of the signature domains within social psychology Counterfactuals are thoughts of what might have been of possible past outcomes that could have taken place Counterfactuals and their implications for perceptions of time and causality have long fascinated philosophers but only recently have social psychologists made them the focus of empirical inquiry Following the publication of Kahneman and Tversky's seminal 1982 paper a burgeoning literature has implicated counterfactual thinking in such diverse judgments as causation blame prediction and suspicion in such emotional experiences as regret elation disappointment and sympathy and also in achievement coping and intergroup bias But how do such thoughts come about What are the mechanisms underlying their operation How do their consequences benefit or harm the individual When is their generation spontaneous and when is it strategic This volume explores these and other numerous issues by assembling contributions from the most active researchers in this rapidly expanding subfield of social psychology Each chapter provides an in depth exploration of a particular conceptual facet of counterfactual thinking reviewing previous work describing ongoing cutting edge research and offering novel theoretical analysis and synthesis As the first edited volume to bring together the many threads of research and theory on counterfactual thinking this book promises to be a source of insight and inspiration for years to come Almost Heaven Doc Fletcher, 2023-08-10 December 2055 a baseball fanatic 101 year old

man dies and goes to heaven Beyond blessed by being reunited with loved ones who have gone before and meeting the two Guardian Angels who ushered him during his time on earth he is embraced by The Other Side s peaceful gentle majestic comforting loving and awe inspiring beauty As wonderful as it all is including seeing Beethoven Hendrix perform together on stage John Prine the opening act to paddle endless winding rivers with a back that never aches play in baseball games that joyfully run for days yet never tire it is the opportunity to be sent back to earth by Saint Peter for a decade long 1911 through 1920 human experience that is most intriguing with the opportunity to see arguably the greatest baseball player of them all Ty Cobb in action viewed by a Tiger fan born 3 decades after Cobb retired Almost Heaven takes you back to the 1910s a decade that began with major league baseball teams constructing the first steel concrete stadiums to replace their old wooden ballparks and ends as the dead ball era of Detroit Tigers Ty Cobb Wahoo Sam Crawford begins its metamorphosis into the live ball era of home run king Babe Ruth The dead ball era through 1919 was an era noted for its scientific small ball approach when teams played for one run at a time by out thinking the foe bunting stealing bases hittin em where they ain t creating a mental hazard for the opposition by doing the unexpected and Ty Cobb was its leading practitioner The Change Champion's Field Guide Louis Carter,Roland L.
