Boys Night Out:

Hong Kong Caroline Knowles, Douglas Harper, 2009-12-15 In 1997 the United Kingdom returned control of Hong Kong to China ending the city's status as one of the last remnants of the British Empire and initiating a new phase for it as both a modern city and a hub for global migrations Hong Kong is a tour of the city's postcolonial urban landscape innovatively told through fieldwork and photography Caroline Knowles and Douglas Harper's point of entry into Hong Kong is the unusual position of the British expatriates who chose to remain in the city after the transition Now a relatively insignificant presence British migrants in Hong Kong have become intimately connected with another small minority group there immigrants from Southeast Asia The lives journeys and stories of these two groups bring to life a place where the past continues to resonate for all its residents even as the city hurtles forward into a future marked by transience and transition By skillfully blending ethnographic and visual approaches Hong Kong offers a fascinating guide to a city that is at once unique in its recent history and exemplary of our globalized present

Hollywood Sex Comedies, 1953-1964 Hal Erickson, 2024-06-27 The Hollywood sex comedy a feature length film in which sex motivates the storyline and the laughs are triggered by sexual situations came into its own with the 1953 release of the once controversial *The Moon Is Blue* That film received very positive critical and audience response despite being denied a seal of approval from the Production Code Administration and receiving a Condemned rating from the Legion of Decency These two formidable watchdog agencies would continue to be challenged and audiences would continue to be convulsed by the abundance of sex comedies still to come The present informal survey focuses on 25 selected examples of the genre released between 1953 and 1964 Along with such familiar works as *The Seven Year Itch* *The Tender Trap* *Pillow Talk* and *Kiss Me Stupid* several lesser known sex comedies like *I Married a Woman* *The Tunnel of Love* *Happy Anniversary* and *Period of Adjustment* are documented analyzed and placed in context with their times Some are masterpieces others mildly amusing and a few downright awful but all are fascinating artifacts of a bygone era in popular entertainment

Those Girls Katherine J. Lehman, 2011-09-27 Long before Carrie Bradshaw in *Sex and the City* there was Mary Richards in *The Mary Tyler Moore Show* Every week as Mary flung her beret into the air while the theme song proclaimed You're gonna make it after all it seemed that young independent women like herself had finally arrived But as Katherine Lehman reveals the struggle to create accurate portrayals of successful single women for American TV and cinema during the 1960s and 1970s wasn't as

simple as the toss of a hat *Those Girls* is the first book to focus exclusively on struggles to define the single girl character in TV and film during a transformative period in American society Lehman has scoured a wide range of source materials unstudied film and television scripts magazines novels and advertisements to demonstrate how controversial female characters pitted fears of societal breakdown against the growing momentum of the women's rights movement Lehman's book focuses on the single girl an unmarried career woman in her 20s or 30s to show how this character type symbolized sweeping changes in women's roles Analyzing films and programs against broader conceptions of women's sexual and social roles she uncovers deep seated fears in a nation accustomed to depictions of single women yearning for matrimony Yet as television began to reflect public acceptance of career women series such as *Police Woman* and *Wonder Woman* proved that heroines could wield both strength and femininity while movies like *Looking for Mr Goodbar* cautioned viewers against carrying new found freedom too far Lehman takes us behind the scenes in Hollywood to show us the production decisions and censorship negotiations that shaped these characters before they even made it to the screen She includes often overlooked sources such as the TV series *Get Christie Love* and *Ebony* magazine to give us a richer understanding of how women of color negotiated urban singles life And she reveals how trailblazing characters continue to influence portrayals of single women in shows like *Mad Men* This entertaining and insightful study examines familiar characters caught between the competing fears and aspirations of a society rethinking its understanding of social and sexual mores *Those Girls* reassesses feminine genres that are often marginalized in media scholarship and contributes to a greater valuation of the unmarried independent woman in America

Visuality, Emotions and Minority Culture John Nguyet Erni, 2016-12-28 This book stemming from an international conference mainly explores the private sphere of minority cultures To date insufficient attention has been paid to ethnic minorities sense of subjecthood e.g. their construction and articulation of self understanding formed through lived experiences sensibilities emotions sentiments empathy and even tempers and moods Social misunderstanding not to mention stereotyping mystification and discrimination often stems from neglecting the surprising and enlivening texture of minorities emotional world Taking the important cue of the affective turn in cultural theory in recent years the contributors address questions such as what are the representations of affective emotional energies and intensities surrounding the ethnic figures strangers in visual culture e.g. passivity shame anger joy empathy charm belonging etc how do ethnic minorities respond to these visual narratives and how can their self representation through visual discourse reveal and transform their lived experiences
