**The Ancient Christian Commentary on Scripture** Thomas C. Oden, 2001-07-01 About the Series The Ancient Christian Commentary on Scripture does what very few of today's students of the Bible could do for themselves With the aid of computer technology the vast array of writings from the church fathers including much that is available only in the ancient languages have been combed for their comment on Scripture From these results scholars with a deep knowledge of the fathers and a heart for the church have hand selected material for each volume shaping annotating and introducing it to today's readers Each portion of commentary has been chosen for its salient insight its rhetorical power and its faithful representation of the consensual exegesis of the early church The Ancient Christian Commentary on Scripture is an ecumenical project promoting a vital link of communication between the varied Christian traditions of today and their common ancient ancestors in the faith On this shared ground we listen as

leading pastoral theologians of six centuries gather around the text of Scripture and offer their best theological spiritual and pastoral insights Today the historical critical method of interpretation has nearly exhausted its claim on the biblical text and on the church In its wake there is a widespread yearning among Christian individuals and communities for the wholesome the deep and the enduring The Ancient Christian Commentary on Scripture seeks not to replace those excellent commentaries that have been produced in the twentieth century It supplements them framing them with interpretive voices that have long sustained the church and only recently have fallen silent It invites us to listen with appreciative ears and sympathetic minds as our ancient ancestors in the faith describe and interpret the scriptural vistas as they see them This is a growing series and not yet complete More volumes are forthcoming     Revelation William C. Weinrich, Thomas C. Oden, 2014-02-19 The Revelation to John with its vivid images and portraits of conflict leading up to the formation of a new heaven and a new earth was widely read even as it was variously interpreted in the early church Drawing heavily on both Eastern and Western ancient commentators much appearing in English for the first time this ACCS volume is a treasure trove of early interpretation
