Alice in Wonderland Manhattan Project (Theater Company), Doon Arbus, 1973 **Alice in Wonderland. The Forming of a Company and the Making of a Play** Manhattan Project (Theatre Company), 1973 *The SAGE Handbook of Performance Studies* D. Soyini Madison, Judith Hamera, 2006 Publisher description **Alice in Wonderland** Manhattan Project (Theater Group), 1973 *Alice in Wonderland, the Forming of a Company and the Making of a Play* Lewis Carroll, Doon Arbus, 1963 *House of Nutter* Lance Richardson, 2018-05-01 The strange illuminative true story of Tommy Nutter the Savile Row tailor who changed the silhouette of men's fashion and his rock photographer brother David who captured it all on film From an early age there was something different about Tommy and David Nutter Growing up in an austere apartment above a caf catering to truck drivers both boys seemed destined to lead rather humble lives in post war London Tommy as a civil servant David as a darkroom technician Yet the strength of their imagination plus a little help from their friends transformed them instead into unlikely protagonists of a swinging cultural revolution In 1969 at the age of twenty six Tommy opened an unusual new boutique on the golden mile of bespoke tailoring Savile Row While shocking a haughty establishment resistant to change Nutters of Savile Row became an immediate sensation among the young rich and beautiful beguiling everyone from Bianca Jagger to the Beatles who immortalized Tommy's designs on the album cover of Abbey Road Meanwhile David's innate talent with a camera vaulted him across the Atlantic to New York City where he found himself in a parallel constellation of stars Yoko Ono Elton John who enjoyed his dry wit almost as much as his photography House of Nutter tells the stunning true story of two gay men who influenced some of the most iconic styles and pop images of the twentieth century Drawing on interviews with more than seventy people and taking advantage of unparalleled access to never before seen pictures letters sketches and diaries journalist Lance Richardson presents a dual portrait of brothers improvising their way through five decades of extraordinary events their personal struggles playing out against vivid backdrops of the Blitz an obscenity trial the birth of disco and the devastation of the AIDS crisis A propulsive deftly plotted narrative filled with surprising details and near operatic twists House of Nutter takes readers on a wild ride into the minds and times of two brilliant dreamers *Disappearing Witness* Gretchen Garner, 2003-07-25 In documenting this transformation in American photography Disappearing Witness forcefully rethinks the history of photography itself

Reactivations Philip Auslander, 2018-05-01 Most people agree that witnessing a live performance is not the same as seeing it on screen however most of the performances we experience are in recorded forms Some aver that the recorded form of a performance necessarily distorts it or betrays it focusing on the relationship between the original event and its recorded versions By contrast Reactivations focuses on how the audience experiences the performance as opposed to its documentation How does a spectator access and experience a performance from its documentation What is the value of performance documentation The book treats performance documentation as a specific discursive use of media that arose in

the middle of the 20th century alongside such forms of performance as the Happening and that is different both discursively and as a practice from traditional theater and dance photography Philip Auslander explores the phenomenal relationship between the spectator who experiences the performance from the document and the document itself The document is not merely a secondary iteration of the original event but a vehicle that gives us meaningful access to the performance itself as an artistic work
