Alicias Trump:

Trump And The Puritans James Roberts, Martyn Whittock, 2020-01-14 The year 2020 is a hugely significant one for the United States of America marking as it does the 400th anniversary of the arrival of the Mayflower Pilgrims to the New World and their establishment of a godly colony in what was for them the American wilderness But it is also the year of the next Presidential election one where the current occupant is expected to stand for re election Many millions of Americans will not see this as a random juxtaposition of events since for them the unlikely person of Donald Trump is the one chosen by God to implement a twenty first century programme of godly rule and the restoration of American spiritual exceptionalism that is directly rooted in those far off times when Puritan settlers who followed in 1630 first established a semi theocratic New Jerusalem in the New World The USA is the home of more Christians than any other nation on earth In 2014 research revealed that 70.6 per cent of Americans identified as Christians of some form with 25.4% identifying as Evangelicals Eighty one per cent of them around 33.7 million people voted Trump in 2016 How can it be that self described Christians of the Evangelical Religious Right see of all people Donald Trump as their political representative and thus defender of their cause Trump and the Puritans argues that while Donald Trump is no Puritan the long term influence of these 17th century radicals makes the USA different from any other Western democracy and that this influence motivates and energizes a key element of his base to an astonishing degree and has played a major part in delivering political power to Trump **The Myth of**

Russian Collusion Roger Stone, 2019-02-19 For the first time in paperback New York Times best selling author Roger Stone's insider tell all about the presidential campaign that shocked the world This consummate political strategist continues to be front page news and has updated the book to respond to Robert Mueller's charges Two years ago Roger Stone a New York Times bestselling author longtime political adviser and friend to Donald Trump and consummate Republican strategist gave us Making of the President 2016 the first in depth examination of how Trump's campaign delivered the biggest presidential election upset in history But since then the Deep State political establishment has worked tirelessly to undo those results The Myth of Russian Collusion adds to and updates Stone's initial work to set the record straight Trump's election win was a resounding repudiation of the failed leadership of both parties The American people wanted something new and President Trump has delivered his tax cuts and regulatory rollbacks have given us the strongest economy in American history he is relentless in his efforts to protect American citizens and he refuses to do business as usual But America's ruling elite and liberal media feeling threatened have conspired to create the biggest witch hunt in our country's history The phony narrative that Trump was in cahoots with Vladimir Putin Mueller's charges that Roger Stone knew about the Wikileaks emails before release all is debunked here With a new introduction that responds to the Mueller investigation The Myth of Russian Collusion is the true story of the Trump campaign that the establishment doesn't want you to believe [The Making of the President 2016](#) Roger Stone, 2017-01-31 In the tradition of Theodore White's landmark books the definitive look at how

Donald J Trump shocked the world to become president From Roger Stone a New York Times bestselling author longtime political adviser and friend to Donald Trump and consummate Republican strategist comes the first in depth examination of how Trump s campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming In the early hours of November 9 2016 one of the most contentious polarizing and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J Trump to concede shocking a nation that had only hours before given little credence to his chances Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media Stone a long time Trump retainer and confidant gives us the inside story of how Donald Trump almost single handedly harnessed discontent among Forgotten Americans despite running a guerrilla style grass roots campaign to compete with the smooth running and free spending Clinton political machine From the start Trump s campaign was unlike any seen on the national stage combative maverick and fearless Trump s nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security Here Stone outlines how Donald Trump skillfully ran as the anti Open Borders candidate as well as a supporter of American sovereignty and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters The veteran adviser to Nixon Reagan and Trump charts the rise of the alt conservative media and the end of the mainstream media monopoly on voter impacting information dissemination This is an insider s view that includes studying opposition research into Bill Hillary and Chelsea Clinton s crimes and the struggle by the Republican establishment to stop Trump and how they underestimated him Stone chronicles Trump s triumph in three debates where he skillfully lowered expectation levels but skewered Mrs Clinton for the corruption of the Clinton Foundation her mishandling of government email and her incompetence as Secretary of State Stone gives us the inside word on Julian Assange Wikileaks Clinton campaign chief John Podesta Huma Abedin Anthony Weiner Carlos Danger Doug Band Jeffery Epstein and the efforts to hide the former first lady s infirmities and health problems Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e mails released by Wikileaks came from the Russians The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton s weaknesses particularly her reputation as a crooked insider and ignited the passions of out of work white men and women from the rust belt and beyond at a time when millions of Americans desperately wanted change Stone also reveals how and why the mainstream media got it wrong including how the polls were loaded and completely misunderstood who would vote Stone s analysis is akin to Theodore H White s seminal book The Making of the President 1960 It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard bitten political survivor who Donald Trump called one tough cookie Mystery Women, Volume Two (Revised) Colleen Barnett,2011-12-31 Many bibliographers focus on women who write Lawyer Barnett looks at women who
