Aljins Fi Alquran:

Desiring Arabs Joseph A. Massad, 2008-09-15 Sexual desire has long played a key role in Western judgments about the value of Arab civilization In the past Westerners viewed the Arab world as licentious and Western intolerance of sex led them to brand Arabs as decadent but as Western society became more sexually open the supposedly prudish Arabs soon became viewed as backward Rather than focusing exclusively on how these views developed in the West in *Desiring Arabs* Joseph A Massad reveals the history of how Arabs represented their own sexual desires To this aim he assembles a massive and diverse compendium of Arabic writing from the nineteenth century to the present in order to chart the changes in Arab sexual attitudes and their links to Arab notions of cultural heritage and civilization A work of impressive scope and erudition Massad s chronicle of both the history and modern permutations of the debate over representations of sexual desires and practices in the Arab world is a crucial addition to our understanding of a frequently oversimplified and vilified culture A pioneering work on a very timely yet frustratingly neglected topic I know of no other study that can even begin to compare with the detail and scope of this work Khaled El Rouayheb Middle East Report In *Desiring Arabs* Edward Said s disciple Joseph A Massad corroborates his mentor s thesis that orientalist writing was racist and dehumanizing Massad brilliantly goes on to trace the legacy of this racist internalized orientalist discourse up to the present Financial Times *The Quran* Allah, 2021-02-18 The Quran is the central religious text of Islam believed by Muslims to be a revelation from Allah Muslims regard the Quran as Muhammad s most important miracle a proof of his prophethood and the culmination of a series of divine messages The Quran describes itself as a book of guidance for mankind It offers detailed accounts of specific historical events and it often emphasizes the moral significance of an event over its narrative sequence The Quran consists of 114 chapters of varying lengths each known as a s rah Chapters are classified as Meccan or Medinan depending on whether the verses were revealed before or after the migration of Muhammad to the city of Medina Each s rah consists of several verses known as y t which originally means a sign or evidence sent by God The Quranic content is concerned with basic Islamic beliefs including the existence of God and the resurrection Narratives of the early prophets ethical and legal subjects historical events of Muhammad s time charity and prayer also appear in the Quran The Quranic verses contain general exhortations regarding right and wrong and historical events are related to outline general moral lessons In this edition of Quran the s rahs are ordered chronologically **Al-Quran** , 2001 **Book Of Allah (AL QURAN AL KARIM Or The Holy Quran) ENGLISH TRANSLATION** ﷻ ﷻ Muhammad Messenger of God, 2020-11-20 Book Of Allah AL QURAN AL KARIM or The Holy Quran The Quran Arabic al Qur n the recitation is the sacred text of Islam For Muslims it takes verbatim the word of God Allah This book is to this day the first and oldest authentic literary document known in Arabic Muslim tradition presents it as the first work in Arabic with the specific character of inimitability in beauty and in ideas For Muslims the Koran groups together the words of God revelations y t made to the last prophet and messenger of God

Muhammad Muhammad is praised from 610-612 until his death in 632 by the archangel Gabriel (Jibril). The Quran is sometimes called simply al-Kitab (the Book), adh-dhikr (the Reminder), or al-furqan (the Discernment). In this sense, it is for Muslims the expression of an uncreated attribute of God addressed to the intention of all humanity. **The Quran** Allah, 2023-12-16

The Quran, regarded as the holy scripture of Islam, serves as a profound spiritual guide and a comprehensive framework for ethical and moral conduct. Written in a highly poetic and rhythmic style, it is divided into 114 chapters (Surahs) that vary in length and cover a multitude of themes, including law, guidance for personal conduct, and narratives of previous prophets. The Quran's literary context is rooted in the oral traditions of 7th-century Arabia, where eloquence and linguistic mastery were paramount in conveying truth and wisdom. Its verses have been studied not only for their theological insight but also for their remarkable literary beauty, making it a cornerstone of both religious devotion and Arabic literature. The author of the Quran, Allah, is the Islamic conception of God, embodying omniscience and omnipotence. The revelation of the Quran to Prophet Muhammad over 23 years signifies a pivotal moment in human history, conveying divine instructions aimed at uniting humanity under the principles of justice, compassion, and righteousness. This transformative work reflects the socio-political climate of its time and provides insight into the character and guidance relevant to its followers. The Quran is essential reading for anyone seeking to understand not only Islamic jurisprudence and ethics but also the literary richness of religious texts. It invites readers to ponder profound existential questions and encourages a compassionate worldview, making it a source of inspiration for millions around the globe. Whether approached as a religious guide or a piece of literature, the Quran promises an enriching experience. **Al-Quran** Ahmed Ali, 1997-01-01

All the prophets and Awliya saints that emerge from time to time in this world were those sent by Allah, the God, to rid of a mental disorder mankind has afflicted with, preventing the attainment of peace and tranquility. The cause of this mental disorder is the feeling that Allah and the creation are separate from each other. Unless this thought (Shirk) equating is removed from the hearts and minds, there is no way to achieve the union with God. **Al-Quran on Oneness of The Being** written by Sheihul Muftiheen M.S.M Abdullah Rah.
