

Did You Know This — About — Babies?

Babies can remember the songs they hear on repeat while inside the womb.

75% of nutrients in a baby's meals go to the brain's development in the first two years.

A baby's vision can only detect black, white, and shades of gray at birth.

Unlike adults, babies have 300 bones, some of which fuse and become one to make 206 bones.

Babies are heavy sleepers and may sleep for 14-20 hours daily in the first few weeks.

Babies breathe much faster than adults, with 40-60 breaths per minute while awake.
