Alex The Life Of Field Marshall Earl Alrxander Of Tunis:

Alex, the Life of Field Marshal Earl Alexander of Tunis Nigel Nicolson, 1973 **The Men Behind Monty** Richard Mead, 2015-05-30 The Men Behind Monty examines the role played by the staff in the victorious campaigns of Field Marshal Viscount Montgomery Britain's most successful field commander since the Duke of Wellington When Monty took command of Eighth Army in August 1942 he inherited the staff of his predecessor He retained all the key members and most of them stayed with him not only from El Alamein to Tunis but also in Sicily and Italy When he took command of 21st Army Group in January 1944 many accompanied him to take up the most prominent positions on the HQ staff and the majority remained until the German surrender in May 1945 This fascinating work focuses not only on the senior officers responsible for the various staff branches and notably on Monty's outstanding Chief of Staff Freddie de Guingand but also on his personal staff the ADCs and personal liaison officers The book sheds light on the work of the staff generally and on their direct contribution to Monty's decisions his sometimes difficult and controversial relationships with his superiors and allies *A Nation in Arms* Ian F. W. Beckett, Keith Simpson, 2004-12-22 The Great War was the first conflict to draw men and women into uniform on a massive scale From a small regular force of barely 250 000 the British Army rapidly expanded into a national force of over five million A Nation in Arms brings together original research into the impact of the war on the army as an institution gives a revealing account of those who served in it and offers fascinating insights into its social history during one of the bloodiest wars **Churchill** David Cannadine, 2018-09-06 An entirely new perspective on Churchill and his paintings told in his own words and including material never before published edited and introduced by David Cannadine Across almost 50 years Winston Churchill produced more than 500 paintings His subjects included his family homes at Blenheim and Chartwell evocative coastal scenes on the French Riviera and many sun-drenched depictions of Marrakesh in Morocco as well as still life pictures and an extraordinarily revealing self-portrait painted during a particularly troubled time in his life In war and peace Churchill came to enjoy painting as his primary means of relaxation from the strain of public affairs In his introduction to Churchill The Statesman as Artist David Cannadine provides the most important account yet of Churchill's life in art which was not just a private hobby but also from 1945 onwards an essential element of his public fame The first part of this book brings together for the first time all of Churchill's writings and speeches on art not only Painting as a Pastime but his addresses to the Royal Academy his reviews of two of the Academy's summer exhibitions and an important speech he delivered about art and freedom in 1937 The second part of the book provides previously uncollected critical accounts of his work by some of Churchill's contemporaries Augustus John's hitherto unpublished introduction to the Royal Academy exhibition of Churchill's paintings in 1959 and essays and reviews by Churchill's acquaintances Sir John Rothenstein Professor Thomas Bodkin and the art critic Eric Newton The book is lavishly illustrated with reproductions of many of Churchill's paintings some of them appearing for the first time Here is Churchill the artist more fully revealed than ever
