Alfreds Kingdom Wessex The South 8

**Eric C. Klingelhöfer, Pontifical Institute
of Mediaeval Studies**

Alfreds Kingdom Wessex The South 8:

Alfred's Kingdom David Alban Hinton, 1977 *Manor, Vill, and Hundred* Eric C. Klingelhöfer, Pontifical Institute of Mediaeval Studies, 1992 *Alfred the Great* Richard Abels, 2013-11-26 This biography of Alfred the Great king of the West Saxons 871-899 combines a sensitive reading of the primary sources with a careful evaluation of the most recent scholarly research on the history and archaeology of ninth century England. Alfred emerges from the pages of this biography as a great warlord, an effective and inventive ruler, and a passionate scholar whose piety and intellectual curiosity led him to sponsor a cultural and spiritual renaissance. Alfred's victories on the battlefield and his sweeping administrative innovations not only preserved his native Wessex from Viking conquest but began the process of political consolidation that would culminate in the creation of the kingdom of England. *Alfred the Great: War, Kingship and Culture in Anglo-Saxon England* strips away the varnish of later interpretations to recover the historical Alfred: pragmatic, generous, brutal, pious, scholarly within the context of his own age. *The Inheritance of Rome* Chris Wickham, 2009-07-30 The breath of reading is astounding; the knowledge displayed is awe-inspiring and the attention quietly given to critical theory and the postmodern questioning of evidence is both careful and sincere. *The Daily Telegraph* UK. A superlative work of historical scholarship. *Literary Review* UK. A unique and enlightening look at Europe's so-called Dark Ages. The second volume in the Penguin History of Europe. Defying the conventional Dark Ages view of European history between AD 400 and 1000, award-winning historian Chris Wickham presents *The Inheritance of Rome*, a work of remarkable scope and rigorous yet accessible scholarship. Drawing on a wealth of new material and featuring a thoughtful synthesis of historical and archaeological approaches, Wickham argues that these centuries were critical in the formulation of European identity. From Ireland to Constantinople, the Baltic to the Mediterranean, the narrative constructs a vivid portrait of the vast and varied world of Goths, Franks, Vandals, Arabs, Saxons, and Vikings. Groundbreaking and full of fascinating revelations, *The Inheritance of Rome* offers a fresh understanding of the crucible in which Europe would ultimately be created. ***The Archaeology of Medieval England and Wales*** John Steane, 2014-10-30 In the preceding 25 years to this book's publication in 1985, there was an extensive and unprecedented burst of archaeological activity: evidence from below-ground deposits, above-ground structures, and artefacts. During the boom of the late 1960s and 1970s, which led to so much central town redevelopment, it was buried remains which yielded the most dramatic information. In the recession of the 1980s, it was realised that upstanding remains had a lot to offer as well, and they were being subject to ever more sophisticated study techniques. This book examines those recent developments in archaeology and assesses their bearing on the study of medieval English and Welsh history. Taking a series of important themes such as government, religion, and the countryside, the book offers a chronological approach from the coming of the Vikings (850 AD) to the Reformation in 1530. This approach focuses on the impact of man on the urban and rural landscape. An important text for students of ancient history. ***The Middle Ages Revisited: Studies in the Archaeology and History***

of Medieval Southern England Presented to Professor David A. Hinton Ben Jervis, 2018-11-17 This volume produced in honour of Professor David A Hinton's contribution to medieval studies re-visits the sites archaeologists and questions which have been central to the archaeology of medieval southern England Contributions are focused on the medieval period from the Anglo Saxon period to the Reformation in southern England

A Companion to the Early Middle Ages Pauline Stafford, 2012-12-26 Drawing on 28 original essays A Companion to the Early Middle Ages takes an inclusive approach to the history of Britain and Ireland from c 500 to c 1100 to overcome artificial distinctions of modern national boundaries A collaborative history from leading scholars covering the key debates and issues Surveys the building blocks of political society and considers whether there were fundamental differences across Britain and Ireland Considers potential factors for change including the economy Christianisation and the Vikings

Protagonists of Urban Order from the Middle Ages to the Present Irena Benyovsky Latin, Martina Stercken, Tonija Andric, 2025-10-01 European cities and towns are considered places with a particular order established by their inhabitants This volume centres on the authorities groups and individuals who formed the rules for common life in urban communities It considers the protagonists of urban order between the Middle Ages and modernity those who were responsible for the common welfare those who produced change and those who caused disorder The authors focus on the practices that shaped the order of urban communities and in particular on situations in which this order was transformed socially and spatially By looking at urban order through this lens the volume sheds light on the complex interplay of interests that can bring about change

Warfare in the Dark Ages Kelly DeVries, 2017-05-15 The articles in this volume explore the way in which military developments helped to sculpt out of very strange and diverse components our familiar Europe The period studied covers the fall of the Western Roman Empire the rise of the Carolingian Empire and its eventual collapse leaving a vacuum in the heart of Europe into which flowed new forces the Vikings from outside and the great lords from within

Alfred the Great Asser, 2004-07-01 Asser's Life of King Alfred written in 893 is a revealing account of one of the greatest of medieval kings Composed by a monk of St David's in Wales who became Bishop of Sherborne in Alfred's service and worked with him in his efforts to revive religion and learning in his kingdom this life is among the earliest surviving royal biographies It is an admiring account of King Alfred's life written in absorbing detail chronicling his battles against Viking invaders and his struggle to increase the strength and knowledge of his people and to unite his people at a time of conflict uncertainty and war
