Concise Encyclopedia of Latin American Literature Verity Smith, 2014-01-14 The Concise Encyclopedia includes all entries on topics and countries cited by many reviewers as being among the best entries in the book entries on the 50 leading writers in Latin America from colonial times to the present and detailed articles on some 50 important works in this literature those who read and studied in the English speaking world **Assuming the Light** Stephen Henighan, 2017-12-02 Miguel Angel Asturias 1899 1974 the first Spanish American prose writer to be awarded the Nobel Prize for Literature is both a pivotal and a representative figure in the development of the twentieth century Spanish American novel Asturias s literary apprenticeship in the Paris of the 1920s and 1930s is arguably the most crucial and least understood period of his career In forging his definitions of Guatemalan cultural identity and Spanish American modernity from a French vantage point Asturias made literary innovations and generated cultural paradoxes which have proved central to subsequent generations of writers This study of Asturias s early academic writings journalism and short fiction and of his first major novel *El seor presidente* provides a prehistory of the contemporary Spanish American novel *Latin American Vanguard*s Vicky Unruh, 1994-12-15 In this first comprehensive study of Latin America s literary vanguards of the 1920s and 1930s Vicky Unruh explores the movement s provocative and polemic nature Latin American vanguardism a precursor to the widely acclaimed work of contemporary Latin American writers was stimulated by the European avant garde movements of the World War I era But as Unruh s wide ranging study attests the vanguards of Latin America emerging from the continent s own historical circumstances developed a very distinct character and voice Through manifestos experimental texts and ribald public performance the vanguardists work intertwined art culture and the politics of the day to produce a powerful brand of aesthetic activism one that sparked an entire rethinking of the meaning of art and culture throughout Latin America

Cultural Antagonism and the Crisis of Reality in Latin America Horacio Legrás, 2022-10-06 For most of the 20th century Latin American literature and art have contested political and cultural projects of homogenization of a manifestly diverse continent Cultural Antagonism and the Crisis of Reality in Twentieth Century Latin America explores literary and humanist experimentations and questions of gender race and ethnicity as well as the contradictions of capitalist development that belie such homogenization by reconfiguring the sense of the real in Latin America Covering four key geographical areas Mexico the Caribbean Central America and the Andes every chapter delves into a question that has been central to the humanities in the last 20 years Indigenous world views gender race neo liberalism and visual culture Legr s illuminates these issues with a thorough consideration of the theoretical questions inherent to how new identities disrupt the imaginary stability of social formations Cosmopolitan Desires Mariano Siskind, 2014-04-30 Mariano Siskind s groundbreaking debut book redefines the scope of world literature particularly regarding the place of Latin America in its imaginaries and mappings In Siskind s formulation world literature is a modernizing discursive strategy a way in which cultures negotiate their aspirations to

participate in global networks of cultural exchange and an original tool to reorganize literary history Working with novels poems essays travel narratives and historical documents Siskind reads the way Latin American literary modernity was produced as a global relation from the rise of planetary novels in the 1870s and the cosmopolitan imaginaries of modernism at the turn of the twentieth century to the global spread of magical realism With its unusual breadth of reference and firm but unobtrusive grounding in philosophy literary theory and psychoanalysis *Cosmopolitan Desires* will have a major impact in the fields of Latin American studies and comparative literature *Encyclopedia of Latin American Literature* Verity Smith, 1997-03-26 A comprehensive encyclopedic guide to the authors works and topics crucial to the literature of Central and South America and the Caribbean the *Encyclopedia of Latin American Literature* includes over 400 entries written by experts in the field of Latin American studies Most entries are of 1500 words but the encyclopedia also includes survey articles of up to 10 000 words on the literature of individual countries of the colonial period and of ethnic minorities including the Hispanic communities in the United States Besides presenting and illuminating the traditional canon the encyclopedia also stresses the contribution made by women authors and by contemporary writers Outstanding Reference Source Outstanding Reference Book **Prose Fiction of the Cuban Revolution** Seymour Menton, 2014-05-23 Recipient of the Hubert Herring Memorial Award from the Pacific Coast Council on Latin American Studies for the best unpublished manuscript of 1973 *Prose Fiction of the Cuban Revolution* is an in depth study of works by Cubans Cuban exiles and other Latin American writers Combining historical and critical approaches Seymour Menton classifies and analyzes over two hundred novels and volumes of short stories revealing the extent to which Cuban literature reflects the reality of the Revolution Menton establishes four periods 1959 1960 1961 1965 1966 1970 and 1971 1973 that reflect the changing policies of the revolutionary government toward the arts Using these periods as a chronological guideline he defines four distinct literary generations records the facts about their works establishes coordinates and formulates a system of literary and historical classification He then makes an aesthetic analysis of the best of Cuban fiction emphasizing the novels of major writers including Alejo Carpentier's *El siglo de las luces* and Jos Lezama Lima's *Paradiso* He also discusses the works of a large number of lesser known writers which must be considered in arriving at an accurate historical tableau Menton's exploration of the short story combines a thematic and stylistic analysis of nineteen anthologies with a close study of six authors Guillermo Cabrera Infante Calvert Casey Humberto Arenal Antonio Ben tez Jes s D az Rodr guez and Norberto Fuentes Several chapters are devoted to the increasing number of novels and short stories written by Cuban exiles as well as to the eighteen novels and one short story written about the Revolution by non Cubans such as Julio Cort zar Carlos Mart nez Moreno Luisa Josefina Hern ndez and Pedro Juan Soto In studying literary works to reveal the intrinsic consciousness of a historical period Menton presents not only his own views but also those of Cuban literary critics In addition he clarifies the various changes in the official attitude toward literature and the arts in Cuba using the revolutionary processes of several

other countries as comparative examples Encyclopedia of Latin American Literature Verity Smith,1997-03-26 This work is a guide to writers works and topics in Central and South America and the Caribbean It contains over 400 entries written by 160 contributors which are organized into four major types topic individual writer individual work and survey **Cuentos y leyendas** Miguel Angel Asturias,2000 Con la coordinaci n de Mario Roberto Morales en esta edici n cr tica colaboran estudiosos de talla internacional como Martin Lienhard Ana Merino e Isabel Arredondo la intenci n como lo apunta Jean Philippe Barnab otro de los colaboradores no es recopilar la totalidad de los relatos breves de Asturias sino m s bien destacar el car cter en cierto modo circular de su itinerario creativo mostrando la insistencia con que esta re creaci n gen rica llamada leyenda que inaugura su producci n vuelve a aparecer en los tramos finales de su carrera **Obras escogidas: Mulata de Tal.
