Exposition of the Apocalypse Tyconius (Afer),2017 The Exposition of the Apocalypse by Tyconius of Carthage fl 380 was pivotal in the history of interpretation of the Book of Revelation While expositors of the second and third centuries viewed the Apocalypse of John or Book of Revelation as mainly about the time of Antichrist and the end of the world in the late fourth century Tyconius interpreted John s visions as figurative of the struggles facing the Church throughout the entire period between the Incarnation and the Second Coming of Christ Tyconius s ecclesiastical reading of the Apocalypse was highly regarded by early medieval commentators like Caesarius of Arles Primasius of Hadrumetum Bede and Beatus of Liebana who often quoted from Tyconius s Exposition in their own Apocalypse commentaries Unfortunately no complete manuscript of the Exposition by Tyconius has survived A number of recent scholars however believed that a large portion of his Exposition could be reconstructed from citations of it in the aforementioned early medieval writers and this task was undertaken by Monsignor Roger Gryson Gryson s edition a reconstruction of the Expositio Apocalypseos of Tyconius was published in 2011 in Corpus Christianorum Series Latina The present translation of that reconstructed text with introduction and notes exhibits Tyconius s unique non apocalyptic approach to the Book of Revelation It also shows that throughout the Exposition Tyconius made use of interpretive rules that he had laid out in an earlier work on hermeneutics the Book of Rules strongly suggesting that Tyconius wrote his Exposition as a companion to his Book of Rules Thus the Exposition served as an exemplar of how those rules would apply to interpretation of even the most intriguing of biblical texts the Apocalypse **Carolingian Commentaries on the Apocalypse by Theodulf and Smaragdus** ,2019-06-30 In the early ninth century Theodulf of Orleans and Smaragdus of Saint Mihiel served as advisers to Charlemagne This book provides English translations of a Latin commentary on the Apocalypse written by Theodulf and three homilies on the Apocalypse by Smaragdus A comprehensive essay introduces these texts their authors sources and place in ninth century biblical exegesis **Revelation** Judith Kovacs,Christopher Rowland,2008-04-15 This ground breaking commentary on The Revelation to John the Apocalypse reveals its far reaching influence on society and culture and its impact on the church through the ages Explores the far reaching influence of the Apocalypse on society and culture Shows the book s impact on the Christian church through the ages Looks at interpretations of the Apocalypse by theologians ranging from Augustine to late twentieth century liberation theologians Considers the book s effects on writers artists musicians political figures visionaries and others including Dante Hildegard of Bingen Milton Newton the English Civil war radicals Turner Blake Handel and Franz Schmidt Provides access to material not readily available elsewhere Will appeal to students and scholars across a wide range of disciplines as well as to general readers More information about this series is available from the Blackwell Bible Commentaries website at <http://www>

bbibcomm net Early Latin Commentaries on the Apocalypse ,2016-05-09 Many commentaries on the Apocalypse were produced in the early Middle Ages This book provides translations of two Apocalypse commentaries from the seventh and eighth centuries On the Mysteries of the Apocalypse of John is part of a large one volume Reference Bible composed about 750 Written probably by an Irish teacher residing in northern France it answers difficulties arising from the biblical text The Handbook on the Apocalypse of the Apostle John attributed erroneously to Jerome and written before 767 contains brief moral and allegorical interpretations of particular words and phrases of the Apocalypse The introduction highlights the unique features of each commentary and the interrelationship of the three texts **HEAVEN** Michael G. Maness,2004-12-01 In heaven we shall know everlasting rest and the full measure of our inheritance Though no eye has seen what God has prepared for us from Revelation 21 22 we can understand a little of what heaven will feel like We shall know a new freedom economy purity peace and so much more Those will be the simple experiences The greater experiences will be in everlasting love most especially in an everlasting marriage and an enduring intimate community Likewise we shall know a growing and everlasting security within our grand heritage within God s promises and in the work of Christ Yet the greatest experience of all is also the hardest to understand because it is the farthest removed from our earthly experience The greatest experience of all will be that for the rest of our everlasting loving lives we will share in the very life and glory of our dynamic and loving God our loving Father and Abba The greatest experience in heaven will be the very life and light that we share with God Himself so very personal and loving to the uttermost **Apocalypse** Pablo Richard,2009-05-01 The Book of Revelation has always been a mysterious and intriguing book describing in symbolic terms the confrontation between the Disciples of Christ and the powers political and supernatural that hold sway over the current age Fundamentalists have been attracted to the book and have sought to decipher its strange symbols as coded prophecy of future events But as Pablo Richard shows in Apocalypse the most powerful readings of the Book of Revelation are through the eyes of the oppressed living out their Christian faith in the context of the modern empire It is they who identify most strongly with Revelation s ultimate message of hope and life in the midst of death and persecution Apocalypse first provides a general introduction to the reading of Revelation by examining three keys for its understanding the historical the sociological and the literary structural The book then goes on to explore the whole of the Book of Revelation following the book s own structure Each section provides a line by line reading of the text establishing the literal meaning before applying the interpretive keys already established
