Circular Economy Pro:

Development and Social Change Philip McMichael, Heloise Weber, 2024-12-17 Development and Social Change explores the historical socio political and ecological aspects of development The Eighth Edition critically engages with the concept of development tracing its roots and examining its implications in the contemporary world Authors Philip McMichael and Heloise Weber use case studies and examples to help describe a complex world in transition Students are encouraged to see global development as a contested historical project By showing how development stems from unequal power relationships between and among peoples and states often with planet threatening environmental outcomes it enables readers to reflect on the possibilities for more just social ecological and political relations Innovation in Food Ecosystems Paola De Bernardi, Danny Azucar, 2019-11-28 This book addresses the intersections of entrepreneurship innovation and sustainability in food systems and presents high quality research illustrating the central role that food consumption and production play in achieving sustainability goals Entrepreneurship and innovation have become particularly relevant aspects in the European Union EU especially since the Sustainable Development Goals SDGs were announced in 2015 In many cases innovations tend to arise from small and medium sized enterprises and from completely new entrepreneurial endeavors This book represents essential reading for researchers and young academics seeking to reduce disparities and inequalities in food production and consumptions patterns By encouraging sustainable entrepreneurship and innovation it will also help young scholars find support for their startup ideas Proceeding of the 24th International Conference on Industrial Engineering and Engineering Management 2018 George Q. Huang, Chen-Fu Chien, Runliang Dou, 2019-01-12 This book records the new research findings and development in the field of industrial engineering and it will serve as the guidebook for the potential development in industrial engineering and smart manufacturing It gathers the accepted papers from the 24th International conference on Industrial Engineering and Engineering Management held at Central South University of Forestry and Technology in Changsha during May 19 20 2018 The aim of this conference was to provide a high level international forum for experts scholars and entrepreneurs at home and abroad to present the recent advances new techniques and application to promote discussion and interaction among academics researchers and professionals to promote the developments and applications of the related theories and technologies in universities and enterprises and to establish business or research relations to find global partners for future collaboration in the field of Industrial Engineering It addresses diversethemes in smart manufacturing artificial intelligence ergonomics simulation and modeling quality and reliability logistics engineering data mining and other related fields This timely book summarizes and promotes the latest achievements in the field of industrial engineering and related fields over the past year proposing prospects and vision for the further development

Envisioning the Futures - Designing and Building for People and the Environment Rossano Albatici, Michela Dalprà, Maria Paola Gatti, Gianluca Maracchini, Simone Torresin, 2025-11-24 This book gathers the proceedings of the 12th

International Conference of Ar Tec Scientific Society of Architectural Engineering Colloqui AT e which was held in Trento Italy on June 11 14 2025 and brought together scholars in the fields of construction and conservation history building construction and performance building design and technologies Digital transition and design of 4 0 buildings digital twins for the management of historical building heritage building human environment relationships and mitigation of vulnerabilities for the preservation of the built environment are also explored The contributions demonstrate that architectural engineering enables the construction of sustainable resilient adaptive and high performance buildings and as such is instrumental in fighting against climate change

Encyclopedia of Sustainable Management Samuel Idowu, René Schmidpeter, Nicholas Capaldi, Liangrong Zu, Mara Del Baldo, Rute Abreu, 2023-11-21 This encyclopedia is the most comprehensive and up to date source of reference for sustainability in business and management It covers both traditional and emerging concepts and terms and is fully international in its scope More than 700 contributions of internationally renowned experts provide a definitive access to the knowledge in the area of sustainable and responsible management All actors in the field will find reliable and up to date definitions and explanations of the key terms and concepts of management in this reference work The Encyclopedia of Sustainable Management represents all aspects of management and business conduct It takes sustainability as a management concept that gives due credit to the complexity and diverging constraints in which businesses and corporations act today and it emphasizes and focuses approaches that help ensure that today's management decisions and actions will be the basis for tomorrow's prosperity

Reshaping Environmental Science Through Machine Learning and IoT Gupta, Rajeev Kumar, Jain, Arti, Wang, John, Pateriya, Rajesh Kumar, 2024-05-06 In the face of escalating environmental challenges such as climate change air and water pollution and natural disasters traditional approaches to understanding and addressing these issues have yet to be proven sufficient Academic scholars are compelled to seek innovative solutions that marry digital intelligence and natural ecosystems Reshaping Environmental Science Through Machine Learning and IoT serves as a comprehensive exploration into the transformative potential of Machine Learning ML and the Internet of Things IoT to address critical environmental challenges The book establishes a robust foundation in ML and IoT explaining their relevance to environmental science As the narrative unfolds it delves into diverse applications providing theoretical insights alongside practical knowledge From interpreting weather patterns to predicting air and water quality the book navigates through the intricate web of environmental complexities Notably it unveils approaches to disaster management waste sorting and climate change monitoring showcasing the symbiotic relationship between digital intelligence and natural ecosystems This book is ideal for audiences from students and researchers to data scientists and disaster management professionals with a nuanced understanding of IoT ML and Artificial Intelligence AI

Nordic best practices Hillgrén, Anna, Bröckl, Marika, Halonen, Mikko, 2016-02-29 The working group on Sustainable Consumption and Production under the Nordic Council of Ministers requested consultants from Gaia to identify write out and publish best practice cases

of sustainable consumption and production on the UNEP SCP Clearinghouse This report presents nineteen initiatives that cover two particular themes 1 Sustainable Lifestyles and Education and 2 Sustainable Public Procurement The cases have also been added into the UNEP s 10 Year Frame work Program 10YFP information platform the SCP Clearinghouse which is a concrete result of Rio 20 The objective is to enhance international cooperation in order to accelerate a shift towards sustainable consumption and production in developed and developing countries The SCP Clearinghouse is a web based information sharing tool which can be used by different actors as an inspiration for advancing SCP worldwide *Towards a Circular Economy* Aldo Alvarez-Risco, Marc A. Rosen, Shyla Del-Aguila-Arcenales, 2022-06-09 This volume presents a transdisciplinary approach to implementing a circular economy in international business Written by global experts this book provides a detailed and professional focus on issues that must be improved in order to successfully implement a circular economy in a variety of industries The book begins with a discussion of the theoretical aspects of circular economy and the challenges of going from theory to practice The following chapters present case studies on the circular economy in different sectors of international business such as food systems mineral processing water management energy process waste management the cement industry and 3D printing Issues such as the role of SMEs in the circular economy and the progress towards circular economy 3 0 and strategies for teaching the circular economy are also discussed The volume ends with a critique of the concept of circular economy and suggestions for future research avenues Written with multiple stakeholders in mind this volume will be of interest to researchers and students of economics sustainability international business and management as well as industry professionals and governments working towards establishing a circular economy in their fields and jurisdictions

Teaching and Learning for a Sustainable Future: Innovative Strategies and Best Practices Goi, Chai Lee, 2024-01-22 Teaching and Learning for a Sustainable Future Innovative Strategies and Best Practices delves into the critical global challenges of sustainability and the indispensable role of education in forging a sustainable future for generations to come This interdisciplinary and multi sectoral endeavor embraces themes ranging from climate change and biodiversity loss to social justice poverty reduction and sustainable development By integrating environmental social and economic dimensions the book offers a holistic approach to teaching and learning for sustainability presenting innovative strategies and best practices that can be adapted across diverse disciplines levels of education and contexts Drawing upon a rich tapestry of pedagogical approaches the book illuminates experiential learning inquiry based learning problem based learning and project based learning as powerful tools for addressing sustainability challenges and opportunities Additionally it showcases cutting edge teaching tools and technologies including online platforms social media virtual and augmented reality and gamification revolutionizing the dissemination of sustainability education The book serves as a platform for educators academics researchers policy makers and students to share experiences insights and best practices propelling the evolution of sustainability education

Circular Economy for Buildings and Infrastructure Jian

Zuo,Liyin Shen,Ruidong Chang,2024-05-03 This edited volume covers theoretical and practical aspects of circular economy in building development offering chapters dealing with topics such as material design affordability of housing development waste management and recycling smart metering and more A particular focus is placed on various stakeholders points of view The book s chapters are co developed and contributed by multidisciplinary teams including both academics and industry practitioners The case study oriented approach taken here helps to facilitate the reader s understanding of how building sustainability can be achieved in the context of circular economy The building industry has significant environmental social and economic impacts As one of the biggest energy consumers and carbon emitters building sustainability has attracted wide attention globally Building projects and their associated activities consume a large amount of energy natural resources and water while producing a large proportion of wastes throughout their lifecycles The traditional linear approach of make use and dispose has been heavily criticized whilst the circular approach has gained momentum Indeed circular economy has emerged as one of key principles to manage sustainability related issues by means of focusing on the circularity of resources as well as the cost implications

Circular Economy Pro Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has be more evident than ever. They have the ability to inspire, provoke, and ignite change.
