Bill Viola:

The Art of Bill Viola Chris Townsend, Bill Viola, 2004-01-01 In a world where an artist's importance is often conferred by small groups of experts and cognoscenti Bill Viola's rich imagery touches a nerve with large international audiences His work never shies away from making big statements about human life and its relation to the universe to the soul and human spirit to nature and to death He is one of those rare artists whose work makes us aware of our nature as human beings taking art back to what were once its fundamental concerns and giving it a relevance to the emotional and spiritual lives of ordinary people *Bill Viola* Bill Viola, **Bill Viola in Dialogue** BILL. VIOLA, 2023-01-03 The Museum der Moderne Salzburg is

dedicating a comprehensive exhibition to the US American video and installation artist Bill Viola offering an overview of his oeuvre that now stretches over fifty years Viola is regarded across the world as a pioneer of video and media art The accompanying book *Bill Viola in Dialogue* Selected Writings and Lectures contains in addition to Bill Viola's central texts among others *The Porcupine* and *the Car* 1981 *Sight Unseen* 1982 *The Sound of One Line Scanning* 1984 *The Body Asleep* 1992 *Presence and Absence* 2007 as well as source texts by John Cage Peter Campus Hollis Frampton David Tudor and Peter Sellars The volume can thus be genuinely useful for understanding Bill Viola's work And his works some of which are expansive and immersive are visually seductive but at the same time highly rational and deeply intuitive He focuses his attention on the specific interactions that occur between his images and those who observe them In Viola's opinion his work does not unfold its effects solely on the video screen but also and above all in the minds of those who have experienced it

The Unspeakable Art of Bill Viola Ronald R. Bernier, 2014-05-19 The breach of art from religion is just one of the many unhappy legacies of modernism There was a time however when the aesthetic and the spiritual were of a piece This study of the work of American video artist Bill Viola considers the possible reemergence of a theological dimension to contemporary art a reenchantment of art as some have called it Using the high tech apparatus of modern video Viola's art is rooted precisely in this theological tradition of transcendent mystical experience and spiritual self concentration The technological apotheosis of modern image making high speed film high definition video LCD and plasma screens and sophisticated sound recording are put to use by Viola in ways that significantly challenge prevailing intellectual and artistic traditions and return us to the power of the Sublime that which by definition defeats language Viola's art as such converges with postmodern notions of the unrepresentable and with the ancient theological tradition of apophysis speaking away or unsaying The fullness of meaning then appears only as a promise of presence through embodied absence neither fully here and now nor entirely elsewhere and beyond This study seeks to define through the work of a courageous and thoughtful contemporary artist the theological sublime as an aesthetic of revelation **Bill Viola** Bill Viola, 1994 *Pour la première fois un musée*

accueille en Suisse un ensemble important des installations vidéo de l'artiste américain Bill Viola. Certes, les bandes vidéo de Viola ont été présentées au public suisse de nombreuses reprises dans les années quatre-vingt, notamment en 1985 à Saint-Gervais-Genève dans un atelier dirigé par l'artiste lors de la première Semaine Internationale de Vidéo. Ces manifestations ont suscité un grand intérêt, mais aucun musée n'avait jusqu'alors exposé les travaux tridimensionnels de l'artiste.
