Bing And Grøndahl Christmas Plates The First Hundred Years:

Bing & Grøndahl Christmas Plates Pat Owen, 1995-01-01 **The Story of Bing And Grøndahl Christmas Plates** Pat Owen, Ole Simonsen, 2022-11-08 Created in 1895 the idea of Christmas plate originated with Harald Bing owner of Bing Grøndahl who hired Swedish artist Frans August Hallin to create the motif Hallin's technique of cutting the motif for the plate in relief created a very detailed expression The first motif was the Copenhagen skyline Many many years ago the wealthy people of Europe started a Christmas custom of giving to each of their servants a platter heaped with fruit cookies candies and other good things to eat At first the platter was probably a crude thing of wood and very little thought was given to it The rich focused their attention on the contents of the tray hoping to bring a little cheer into the lives of the recipients by giving them especially good things to eat around the holiday season The servants looked forward each Christmas to receiving their gifts Since these people had few things in their homes which were not utilitarian perhaps it was only natural that they began hanging the platters on their walls after the food was eaten They referred to these platters as their Christmas Plates Later the servants of one family started showing their Christmas Plates to the servants of other households When the employers realized that there was rivalry among the servants of the various households regarding who received the most beautiful plates they began giving more consideration to the platter itself Eventually beautiful platters were made of many materials such as metal wood and pottery They were sometimes elaborately carved or decoratively painted In fact the wealthy in an effort to outdo each other commenced devoting more attention to the plate itself than to its contents Later they started dating each platter so that it would be easy to see which year each had been given Thus began the custom of making and collecting Christmas Plates Preface **The Grove Encyclopedia of Decorative Arts** Gordon Campbell, 2006-11-09 The Grove Encyclopedia of Decorative Arts covers thousands of years of decorative arts production throughout western and non western culture With over 1 000 entries as well as hundreds drawn from the 34 volume Dictionary of Art this topical collection is a valuable resource for those interested in the history practice and mechanics of the decorative arts Accompanied by almost 100 color and more than 500 black and white illustrations the 1 290 pages of this title include hundreds of entries on artists and craftsmen the qualities and historic uses of materials as well as concise definitions on art forms and style Explore the works of Alvar Aalto Charles and Ray Eames and the Wiener Werkstätte or delve into the history of Navajo blankets and wing chairs in thousands of entries on artists craftsmen designers workshops and decorative art forms [Just Cross Stitch Christmas Ornaments 2005](#) Magazines Global, Just Cross Stitch Christmas Ornaments 2005 *The Christmas Classic* Leonard Flachman, Karen Walhof, 1999 More than sixty years of inspiration tradition are gathered in this exquisite volume including full color artwork with each story ranging from the Boys Choir of Harlem to an astronomer's view of the Star of Bethlehem [The Official Rinker Price Guide to Collectibles](#) Harry L.
