Big Cat Pushing And Pulling:

Validvs C. Martinez Landrau, 2011-02-17 Novemus Opimius Validus was mortally wounded while serving as a tribune in Rome's legions in Old Judea during the first century AD and was then touched by the healing hand of Jesus Christ himself. After that momentous occasion, his life forever changed. His inspirational story is one of undying faith, indomitable perseverance, and courage unlike any other ever told. Validus witnessed Christ's fabled and momentous Sermon on the Mount and became a secret Christian, embarking on an astounding journey that puts him in close proximity to other monumental historical figures, including Christ's devoted apostle Peter. He encounters the young and demented Emperor Gaius Caligula, his unlikely successor and uncle, the stuttering, physically crippled and oft ridiculed but kindly Emperor Claudius, and Claudius's lifelong friend, the illustrious King Herod Agrippa. From the lowly depths of the gladiatorial arena to the grand halls of the Roman Senate and later to the Roman Emperors' chair, Validus changes the path of Roman history, making a distinct connection between faith and empire. **VALIDVS** is the first installment in a classic four-part series. With this novel, author C. Martinez Landrau offers a fascinating alternative look at what ancient Rome might have been like had a man destined to become its greatest emperor also been one of Christianity's first Roman converts, albeit secretly. **Pulling the Trigger** Julie Miller, 2009-05-27 An FBI agent and her ex-lover reunite to track a killer in this romantic suspense adventure by a USA Today bestselling author. It had been more than ten years since tracker Ethan Bia had seen the woman who'd loved him and left him with no explanation. FBI agent Joanna Rhodes was as beautiful and secretive as ever but insisted on keeping their past and their passion where it belonged. Ethan knew tracking an elusive killer through the mountains was their assignment, but his need for answers was as tempting as his urge to touch Joanna. Unfortunately, resisting both was crucial to surviving this mission. A mission that would determine how long Joanna stuck around once it was over. **The Cosmos Economy** Jack Gregg, 2021-05-17 If man's next big step is to live and work in space, then what will everyone do out there that is so different from what we are now doing here on Earth? As the future of space comes into focus, it is clear that profit and power are the core elements of the new space economy. This entertaining and informative book looks at human settlement in space as a mainstream business opportunity for investors, entrepreneurs, and far-sighted individuals seeking to secure their place in the innovative commercial space sector. Dr. Jack Gregg presents a unique 5-phase development roadmap that shows how space will grow from a frontier economy to a mature integrated market. Written in simple, non-technical language, this book answers such questions as: What is the new industrial space economy? What are the challenges and roadblocks on the way to a robust space economy? How will the rapid growth of the new space economy impact commerce back on Earth? How can one best invest in profitable space-related enterprises? **The Cosmos Economy** is for readers who hope to be better equipped and more informed about the new space economy and investors, entrepreneurs, and futurists who want to learn how to take part in the business opportunities of the new high frontier of commercial space. **The Hammer's Fall** Derick Summers, 2008-02
