Big City Eyes:

CyberCities M. Christine Boyer, 1996 Noted urban historian M Christine Boyer turns to the new frontier cybercities in this important and compelling new book Boyer argues that the computer is to contemporary society what the machine was to modernism and that this new metaphor profoundly affects the way we think imagine and ultimately grasp reality But there is she believes an inherent danger here that as cyberspace pulls us into its electronic grasp we withdraw from the world Transferred plugged in and down loaded reality becomes increasingly immaterial Frozen to one side of our terminal s screen Boyer concludes we risk becoming incapable of action in a real city plagued by crime hatred disease unemployment and under education Cities & eyes Nienke Schachtschabel, 2005 This collection of images and essays originated at the acclaimed Gerrit Rietveld Academy in Amsterdam Cities and Eyes Sourcebook presents the diverse work of the Academy s artists philosophers scholars architects and photographers as they explore the world s cities including Amsterdam London New York Paris and S o Paulo Presented in both English and Dutch and accompanied by an index that includes suggestions for further reading Cities and Eyes Sourcebook will illuminate the world s greatest cities for a new audience of art lovers and urbanites alike *The Eye of Night* Pauline Alama, 2008-12-10 From Pauline J Alama comes a stirring fantasy tale of three vagabonds in a dying world and their terrifying quest into the heart of darkness The Eye Of Night It is a magical world on the verge of collapse In the North the Troubles rage Cities and kings are being annihilated the very earth is in upheaval waking even the dead from their graves All notions of time and space of day and night of seasonal change seem fractured beyond repair But as the chaos moves slowly south engulfing land after land three unlikely heroes an ex priest a battered serving girl and an exquisitely beautiful refined lady journey bravely to the dying regions their only weapon an enchanted stone of enigmatic power and ancient origin Jereth disillusioned with his faith in the Rising God and robbed of his family after a deadly shipwreck struggles to find meaning in his blighted life searching the devastated land without direction until he meets two extraordinary women Each has her own secrets to keep both are on a quest to save the world But they must first save themselves conquering their demons and rousing their well disguised strengths Only then will it be revealed how three penniless unarmed wanderers can light a darkening world For one is a prophet one is a fool and one s life is now in their hands HCI in Mobility, Transport, and Automotive Systems Heidi Krömker, 2022-06-16 This book constitutes the refereed proceedings of the 4th International Conference on HCI in Mobility Transport and Automotive Systems MobiTAS 2022 held as part of the 23rd International Conference HCI International 2022 which was held virtually in June July 2022 The total of 1271 papers and 275 posters included in the HCII 2022 proceedings was carefully reviewed and selected from 5487 submissions The MobiTAS 2022 proceedings were organized in the following topical sections Designing Interactions in the Mobility Transport and Automotive Context Human Centered Design of Automotive Systems Driver Information and Assistance Systems Studies on Automated Driving and Micro mobility and Urban Mobility Hermit Jade Angeles

Fitton, 2023-05-18 I never imagined that the wind would blow me here to a kind of isolation I have never experienced There is never anything out here but my shadow that no one treads on any more When Jade s partner leaves the barn that they moved into just weeks before he leaves a dent in the wall and her life unravelled Numbed from years in a destructive abusive relationship she faces an uncertain future and complete solitude Slowly with the help of Devon s salted cliffs and damp forested footpaths Jade comes back to life and discovers the power of being alone As Jade reacclimatizes she considers what it means to live alone Through conversations with other hermits across the world Fitton sheds light on the myriad and often misunderstood ways of living alone from monks to hikikomori and the largely ignored female hermit Jade questions whether hermitic living is possible in an era of constant communication and increased housing costs as she finds herself financially unstable and itinerant She realises that home doesn t exist within walls but within the landscape of her childhood home county Lyrically written this is an inspirational story of recovery of finding home and of celebrating solitude in the natural world

Comparative Urbanism Jennifer Robinson, 2022-07-25 COMPARATIVE URBANISM Comparative Urbanism fully transforms the scope and purpose of urban studies today distilling innovative conceptual and methodological tools The theoretical and empirical scope is astounding enlightening emboldening Robinson peels away conceptual labels that have anointed some cities as paradigmatic and left others as mere copies She recalibrates overly used theoretical perspectives resurrects forgotten ones long in need of a dusting off and brings to the fore those often marginalised Robinson s approach radically re distributes who speaks for the urban and which urban conditions shape our theoretical understandings With Comparative Urbanism in our hands we can start the practice of urban studies anywhere and be relevant to any number of elsewheres Jane M Jacobs Professor of Urban Studies Yale NUS College Singapore How to think the multiplicity of urban realities at the same time across different times and rhythmic arrangements how to move with the emergences and stand stills with conceptualisations that do justice to all things gathered under the name of the urban How to imagine comparatively amongst differences that remain different individualised outcomes but yet exist in common No book has so carefully conducted a specifically urban philosophy on these matters capable of beginning and ending anywhere AbdouMalig Simone Senior Research Fellow Urban Institute University of Sheffield The rapid pace and changing nature of twenty first century urbanisation as well as the diversity of global urban experiences calls for new theories and new methodologies in urban studies In Comparative Urbanism Tactics for Global Urban Studies Jennifer Robinson proposes grounds for reformatting comparative urban practice and offers a wide range of tactics for researching global urban experiences The focus is on inventing new concepts as well as revising existing approaches Inspired by postcolonial and decolonial critiques of urban studies she advocates for an experimental comparative urbanism open to learning from different urban experiences and to expanding conversations amongst urban scholars across the globe The book features a wealth of examples of comparative urban research concerned with many dimensions of urban life A range of theoretical and philosophical

approaches ground an understanding of the radical revisability and emergent nature of concepts of the urban. Advanced students, urbanists and scholars will be prompted to compose comparisons which trace the interconnected and relational character of the urban and to think with the variety of urban experiences and urbanisation processes across the globe to produce the new insights the twenty first century urban world demands. *Marcia Muller and the Female Private Eye* Alexander N. Howe, Christine A. Jackson, 2014-11-01. In 1977 Marcia Muller invaded the all male domain of detective literature and within a decade was established as the mother of the female hardboiled private eye. She is now the author of four detective series including the critically acclaimed Sharon McCone series of more than two dozen novels. This collection critically assesses Marcia Muller's writing and reevaluates current critical views on women's detective fiction in general. In the first two of the book's three sections, essays explore Muller's engagement with modern and postmodern feminism, ethnicity and the socially underprivileged. The third section focuses on one of Muller's major themes: the trauma of history. Drawing from the feminist, historicist, mythic, psychoanalytic and cultural approaches found in all three sections, the conclusion offers a panoramic perspective on Muller's accomplishments. *RISING EMBERS* Stephanie Averette, 2024-08-05. The coven has conquered and survived the centuries but a new threat has been presented, one that is older than their kind. Odin's darkened curiosity of her has followed her from the bayou to the Tennessee Valley. His mysterious and dark manner never bothered her until fury and innocence collided. Now she trains to master and harness the flame that burns deep within but she wasn't the only one touched by darkness that day. Deep in the trees, her oldest friend watches her grow, bearing the scars and harboring guilt. Fearful of what she has become, elders force her hand and she returns to the bayou where she gets her new start. [Insight Guides USA Southwest: Travel Guide eBook](#) Insight Guides, 2024-08-01.
