Raised to be flowers of the nation the first generation born after the founding of the People s Republic of China was united in

its political outlook and at first embraced the Cultural Revolution of 1966 but then split into warring factions Investigating the causes of this fracture Guobin Yang argues that Chinese youth engaged in an imaginary revolution from 1966 to 1968 enacting a political mythology that encouraged violence as a way to prove one's revolutionary credentials This same competitive dynamic would later turn the Red Guard against the communist government Throughout the 1970s the majority of Red Guard youth were sent to work in rural villages where they developed an appreciation for the values of ordinary life From this experience an underground cultural movement was born Rejecting idolatry these relocated revolutionaries developed a new form of resistance that signaled a new era of enlightenment culminating in the Democracy Wall movement of the late 1970s and the Tiananmen protest of 1989 Yang's final chapter on the politics of history and memory argues that contemporary memories of the Cultural Revolution are factionalized along these lines of political division formed fifty years before

The Chinese Dark Poet: Huang Xiang and His Colorful World Zhengming Fu (Sweden), Huang Xiang the protagonist of this book was born on 26th December 1941 in Guidong county Hunan province of central China After the Communists came to power in 1949 he was imprisoned six times and severely persecuted for his free spirited writing and his campaigns for human rights For more than thirty years this self educated poet and writer wrote secretly against the bondage of totalitarian ideology to safeguard the freedom of speech According to the author of the book Huang is a great dark poet who has expressed the painful memories fears and struggles that haunted his life creating wonderful poetic beauty in the darkness His poetic creation is a miracle in the history of Chinese contemporary literature We may say that Huang's identity as an unknown dark poet is conditioned by his personal emotional and tragic experiences of struggles while facing historical events such as the Cultural Revolution from 1966 to 1976 the April 5th Movement in 1976 the Democracy Wall Movement in 1978 and the Pro Democracy Movement in 1989 in China

The World Turned Upside Down Yang Jisheng, 2021-01-19 Yang Jisheng's *The World Turned Upside Down* is the definitive history of the Cultural Revolution in withering and heartbreaking detail As a major political event and a crucial turning point in the history of the People's Republic of China the Great Proletarian Cultural Revolution 1966 1976 marked the zenith as well as the nadir of Mao Zedong

s ultra leftist politics Reacting in part to the Soviet Union s revisionism that he regarded as a threat to the future of socialism Mao mobilized the masses in a battle against what he called bourgeois forces within the Chinese Communist Party CCP This ten year long class struggle on a massive scale devastated traditional Chinese culture as well as the nation s economy Following his groundbreaking and award winning history of the Great Famine Tombstone Yang Jisheng here presents the only history of the Cultural Revolution by an independent scholar based in mainland China and makes a crucial contribution to understanding those years lasting influence today The World Turned Upside Down puts every political incident major and minor of those ten years under extraordinary and withering scrutiny and arrives in English at a moment when contemporary Chinese governance is leaning once more toward a highly centralized power structure and Mao style cult of personality

China Coup Roger Garside,2022-08-16 Before the next National Congress of the Communist Party of China due in November 2022 President Xi Jinping will be removed from office by a coup d tat mounted by rivals in the top leadership who will end the tyranny of the one party dictatorship and launch a transition to democracy and the rule of law The main body of this book Part 2 explains why it will happen Parts 1 and 3 tell how it may happen From Wang Shiwei to Liu Xiaobo Yu Zhang,2021-04-01 The harshness of the modern Communist regime has far exceeded that of all past despots as the PRC s founder Mao Zedong openly acknowledged What was Emperor Qin Shi Huang He only buried 460 scholars but we buried 46 000 During the suppression of counter revolutionaries didn t we kill some counterrevolutionary intellectuals I ve discussed this with pro democracy advocates You call us Qin Shi Huang as an insult but we ve surpassed Qin Shi Huang a hundred fold Some people curse us as dictators like Qin Shi Huang We must categorically accept this as factually accurate Unfortunately you haven t said enough and leave it to us to say the rest In fact the number of writers killed under CPC rule far exceeds 46 000 and the number imprisoned is incalculable This volume collects 64 cases occurring from 1947 to 2010 with one emblematic case for each year but these represent just the tip of the iceberg The CPC has officially acknowledged that 550 000 people were labeled Rightists from 1957 to 1959 mostly through various types of literary inquisition making the 130 plus cases of the Qianlong period pale in comparison This volume describes the cases of 12 Rightist victims Sun Mingxun Feng Xuefeng Lin Xiling Ding Ling Ai Qing Lin Zhao Wang Ruowang Wang Zaoshi Chen Fengxiao Yuan Changying Nie Gannu and Liu Binyan obviously only a minute proportion In the single case of the anti Party novel Liu Zhidan more than 10 000 people were persecuted the most wide ranging literary inquisition in Chinese history In the case of Wang Shenyong s love letter Wang ripped up the letter before sending it but he was forced to rewrite it and was then executed for his unspoken criticism A multitude of such cases demonstrates that literary inquisition has reached its fullest flowering under CPC rule
