The Rough Guide to Mexico is like having a local friend plan your trip. [Art Museums of Latin America](#) Michele Greet, Gina McDaniel Tarver, 2018-03-08 Since the late nineteenth century, art museums have played crucial social, political, and economic roles throughout Latin America because of the ways that they structure representation. By means of their architecture, collections, exhibitions, and curatorial practices, Latin American art museums have crafted representations of communities, including nation-states and promoted particular group ideologies. This collection of essays, arranged in thematic sections, will examine the varying and complex functions of art museums in Latin America as nation-building institutions and instruments of state cultural politics as foci for the promotion of Latin American modernities and modernisms as sites of mediation between local and international, private and public interests as organizations that negotiate cultural construction within the Latin American diaspora and shape constructs of Latin America and its nations and as venues for the contestation of elitist and Eurocentric notions of culture and the realization of cultural diversity rooted in multiethnic environments. *Let's Go Mexico 22nd Edition* Let's Go Inc., 2007-11-27 Offering a comprehensive guide to economical travel in diverse regions of the world, these innovative new versions of the popular handbooks feature an all-new look, sidebars highlighting essential tips and facts, information on a wide range of itineraries, transportation options, off-the-beaten-path adventures, expanded lodging and dining options in every price range, additional nightlife options, enhanced cultural coverage, shopping tips, maps, 3-D topographical maps, regional culinary specialties, cost-cutting tips, and other essentials. [Latin American and Caribbean Artists of the Modern Era](#) Steve Shipp, 2003-01-01 This is a comprehensive reference book to more than 12,700 painters, sculptors, graphic artists, and architects in Latin America, Mexico, Central America, South America, and the Caribbean region, active during the nineteenth and twentieth centuries. Entries include the artists' years, countries, and bibliographies. Also included are brief biographical and stylistic notes, a record of each artist's exhibitions, and a list of collections where the works can be seen. There are 89 photographs of selected works supplementing the entries. The introduction includes brief informative background essays on the individual countries and their artists. **North American**
