Basic Structure of Swahili James Lewton Brain, 1969 *The World's Major Languages* Bernard Comrie, 2018-04-17
The World's Major Languages features over 50 of the world's languages and language families. This revised edition includes updated bibliographies for each chapter and up-to-date census figures. The featured languages have been chosen based on the number of speakers, their role as official languages, and their cultural and historical importance. Each language is looked at in depth, and the chapters provide information on both grammatical features and on salient features of the language's history and cultural role. *The World's Major Languages* is an accessible and essential reference work for linguists.

Humanities Matter: The Essay Collection Aerle Taree, 2009-07. In today's global market, it is important that we have people that are humanitarians to fight for our rights. Advances in Artificial Intelligence, Software and Systems Engineering Tareq Ahram, 2020-07-03. This book addresses emerging issues concerning the integration of artificial intelligence systems in our daily lives. It focuses on the cognitive, visual, social, and analytical aspects of computing and intelligent technologies and highlights ways to improve the acceptance, effectiveness, and efficiency of said technologies. Topics such as responsibility, integration, and training are discussed throughout. The book also reports on the latest advances in systems engineering with a focus on societal challenges and next-generation systems and applications for meeting them. Based on the AHFE 2020 Virtual Conference on Software and Systems Engineering and the AHFE 2020 Virtual Conference on Artificial Intelligence and Social Computing held on July 16-20, 2020, it provides readers with extensive information on current research and future challenges in these fields, together with practical insights into the development of innovative services for various purposes.
